I love how all of your posts are generally unsubstantiated bullshit. Beating my wife, really? That's the best lie you can come up with? You're like DJ-CRY-K but with slightly more gray matter.

I love how all of your posts are the same bullshit as well. Nice pic...for the 400th time, retard. It was on the internet once that you beat up your wife. It must be true, wife beater.

You also post the same tiring bullshit in the mod/mod release sections here. People post, you drop shit on their work. You post, you expect them to lick you boots. God complex much?

I notice you didn't deny acting like a woman on the internet. Are you the new Bubblez, taking men for all their worth, then letting everyone know in the end you were really a man?

nikki, I ask again(a year or two late: who the hell are you? I still do not know who you are, where you come from, or what you actually contribute to...anything. You know so much of my life I see, did I quit, get fired, or laid off? You tell me please.
