Some of the things liquid, ethenel and atrocity used to say to me in private channels on TS were worse than anything I've ever seen anyone say yet here they are holding the hypocritical ban hammer. At least I actually apologized for my behavior and said I overreacted .. but I think you would too if this particular individual has been stalking you for the past two years. There's a point when enough is enough. I lost my cool and I said some things I shouldn't have but this ban was way unnecessary. People say worse shit to me on a daily basis as posted, and lots of the times they are mods or people who actually represent the community.
