until then - I was probably a half or full mod when we used to troll you, liquid wasn't on the staff and Atrocity was definitely never on staff. But when I talk about trolling you back in the day, I don't know, man... that seems like years ago, and I'm pretty sure it was, lol. I was at least still in high school!

(liquid may have been a + or % at that point I can't remember)

not sheriff serious .. you were both in power .. lmao you were the ones that reamed me out when i banned him from #jelly for telling me to commit suicide 500 times and posting the white girl getting fucked by 905890 dicks at once .. can you be anymore biased? didn't think so
