SSGM plugin that allows you to donate or team-donate. You Can use partial nicknames with !donate/!d, and !teamdonate/!td requires you always put in an amount.

I wanted a simple ssgm only donate plugin and I couldn't find one.

[Plugins]  
00=BanSystem.dll  
01=Mute.dll  
02=Donate.dll

[Donate]  
; The donate/teamdonate wait time is set in minutes.  
WaitTime=3
