Yep, Nintendo just announced that they renamed their console to "Wii", pronounced "We".

It's not a rename, actually. Revolution was just a codename. I agree though, wii is definetly an odd name, even if they explained its meaning quite well.

That's entirely true, because the Playstation 3 and XBox 360 will (like usual) dominate anything Nintendo releases. So they can name it wiin0r if they want to, they're still going to have no market dominance.

Except that most(hint: I didn't say all) games that come out on PS3 and Xbox360 are released on all platforms. Most people that buy a Nintendo will buy it for the Nintendo only games.

"Who wants to come over to my house and play wii?"

"Bob it was fun last night playin on with ur wii!"

"Mommy I love my wii, I play with it every day!"

LOL

I can make more!?

When it comes right down to it though, you can't do this with PS3 and Xbox360 logos:

"Jim, I need somone to play with tonight on my wii!"

"Bill bring you and you're wii over tonight for some acton!"

"Son if you dont pick up you're room tonight im taking you're wii away for good!"

"Frank, I am sorry about breaking you're wii last night... I guess ill have to buy a new one."

(girl to a guy)

"Hey, last nighn you're wii was so much fun! Can I come over and play with it some more?"

Any more?

Perhaps it was given this name so that the other console fanboys can't really say "wii sucks"

Nintendo Wii Product Ideas...

The Wii-Wii: The Wii system connection package, comes with "system link" like parts/cables. (the dash between symbolizes the connection of the two Wii systems)

The Wireless Wii-Wii: Same as The Wii-Wii, but is the wireless solution.
