Post pictures of your favorite animals.

I like turtles such as the ones below (sorry for the shitty quality, took the images with a cellphone camera (at least got an HDR effect!)):

Heh, me and my bro took this pic while walking around the woods a couple years ago.

I can totally see "turtle porn" becoming the next big thing in the pornography business lol. Anyway back on topic...I like bears, but I am also a fan of The Colbert Report...so I am being pulled both ways.

Who posted a Pokemon?

I would've posted a Wyvern, but Bahamut looks cooler.
