Samuel my darling husband,

Before you return from your overseas trip I just want to let you know about the small accident I had with the pick up truck when I turned into the driveway. Fortunately not too bad and I really didn't get hurt, so please don't worry too much about me.

I was coming home from Wal-Mart, and when I turned into the driveway I accidentally pushed down on the accelerator instead of the brake. The garage door is slightly bent but the pick up fortunately came to a halt when it bumped into your car.

I am really sorry, but I know with your kind-hearted personality you will forgive me. You know how much I love you and care for you my sweetheart. I am enclosing a picture for you.

I cannot wait to hold you in my arms again.

Suzy -Your loving wife.  
XXX

P.S. Your girlfriend called.

If you notice the broken tail light for the truck, you'll see that the car hit the truck, not the other way around.

Yes, I know that the story was meant to be funny, but meh...

Edit: Now that I look at the pictures that light linked... the car has no front end damage. Hmm...

My bad, at first glance I saw the taillights and immediately thought otherwise. I see the logo now though.

A local garage had a Mini sticking out of its wall, just below the roof to promote the Mini Centre
