I don't always agree with how her server is run, but I don't post shit-fits about what Jarhead does. You do not need to post shit-fits, you have them every time you step foot in a server.

Shaitan: What's it like being 35 and living in a basement?

First bit of irony is: I am quoting a post made right above mine. I do trust it's inconvenient for you and your little world.

Second bit of irony is: Right after my original post there you were ingame treating people like shit as usual.

Third bit of irony is: We were just now discussing you and your nerdy ass picture via IRC.

Fourth bit of irony is: There is no basement here you fuckwit.

There is only one thing that annoys me when it comes to using proper English. No, it isn't grammar or spelling... but it's the constant misuse of the word "irony."

DO NOT USE THE WORD IRONY. EVER. IF YOU WANT TO USE IT, THEN YOU ARE USING IT WRONG AND SHOULD CEASE ALL FURTHER PLANS TO PUT FORTH TEXT WHICH WOULD BE USED TO SPELL THE WORD IRONY. FAILURE TO COMPLY WITH THIS NOTION WILL RESULT IN PUNISHMENT VIA LARGE PARAGRAPHS OF ANNOYING RED TEXT.

Also butts.

Then the solution is simple, my good sir. Do not visit these forums! If you do that then you wont have to put up with me... which is weird to hear you say because, from recent memory, that last post was the only post I ever even remotely directed towards you. In fact, I don't even think I've ever seen you around here before... WHO ARE YOU?!

Quote:Slashies

When writing a comment, users will frequently add a postscript prepended by a forward slash (/). Just as people can get carried away with PS, PPS, PPS, etc., so can users go crazy with their slash-notes.

Sometimes the phrase "slashies" is itself used as a postscript to indicate the user is aware of their going overboard.

This is a corruption of the older internet cliché of closing a fake HTML tag after a block of text.

</pedantry>

Example

Wow, Hillary Clinton's hot. I'd hit that like the fist of an angry god.

/just kidding

//mostly

///okay, not at all

////slashies

In case you're simply ignorant, it's been made obvious that I have a wife and a four year old daughter. I am not a "pedophile" for being at a playground. Would you prefer that I ignore my child and stay in the basement? Oh, wait...

I vent IRL and I vent here. I'm really consistent about it. You're not making much of a point.

I was abused in school? Who wasn't picked on in school at least once? You're really reaching now.

I don't really care much about your opinion on the quality of my work, though I find it amusing that not even two months ago you were kissing my ass and telling me that I shouldn't make any work that St0rm could use. Specifically, this:

<shaitan> don't make shit for these loers wtf  
<shaitan> if they keep with that fucking dm server theyll just try to monopolize the servers completely  
<shaitan> i'll totally fuck them over if they make it popular

Aircraftkiller wrote on Wed, 30 November 2011 10:46

You know, I had lost the log file for that one-sided conversation we had. The one I mentioned where you spent 30 minutes bad mouthing St0rm, how you were going to do all sorts of terrible things in retribution for them opening a server that would take away players from your server or other servers, etc...

My paraphrased recollection of what you said to me that day was giving you the benefit of the doubt; it's a shame that you're so rage filled that you'd attempt to destroy a gaming server because you have absolutely nothing positive to contribute to this community at all.

Purely out of curiosity, what compels you to stay in a place where most people see you as a washed up middle aged child?

I'm glad you kept that first logfile, I don't have it. I do have the second one. It is not "30 minutes", as you made it out to be. It was three sentences. The rest of that "30 minute" conversation was about Slayer21 using you like a ragdoll, if you recall.

These people can see me however they wish. That spat with Wilo was my exit out of this. I needed an excuse to get off of this computer so much, and I got it. Plus I was bored, and drama is always fun.

Hell I would've stayed off of this topic, if you hadn't of been a dick ingame the other day when you tried to poke fun at my horrible typing skills.

Starbuzz I still want that fucking picture.

It seems your definition of horrible is "That person I don't like made something, so I'm going to attempt jumping on a joke bandwagon thinking that people are being serious. Maybe I'll score points and worm my way back into this community!" Your "excuse" to get off the computer is having a bunch of Internet people tell you that you're a pathetic loser? Kudos on finally figuring it out, I guess?

[11:39pm] <shaitan> I'd liek to see if you do that shit in person. \$5 says you'd run like a bitch in any sort of conflict.

[11:41pm] <Aircraftkiller> Clue by four: I don't give a shit

[11:41pm] <Aircraftkiller> Also, fresh, what's up with OSTKGhosty?

[11:41pm] <Aircraftkiller> Something about you loving on a kid that's in their teens?

[11:43pm] <shaitan> Been fun, but I'm bored of that one already. You can comfort yourself knowing you had the biggest e-penis. I can live with it.

[11:43pm] <shaitan> 9 pages. cool.

[11:43pm] <Aircraftkiller> Don't kill yourself. As much as I think you're a loser, I still don't think you should go do something that dumb because you're upset over the internet.

[11:45pm] <shaitan> Aww shucks I'm glad you care. hey I have 4 days off, lets meet for beers. I was planning a road trip back home to ILL, can do a reroute.

[11:45pm] <Aircraftkiller> Not interested. Go find something better to do with your time. Maybe find a job, move out, do something with your life. I'm sure your mother would appreciate it

[11:45pm] <shaitan> I'm sure it'd be fun though.

[11:47pm] <Aircraftkiller> Yes I'd love to meet up with a crazy shithead whose ambitions include

"destroying anything that makes fun of me or does things I don't like". You'd probably bring a gun or a knife and wait until nobody was around to pop a cap in my ass

Basically a troll trying to troll other trolls in an endless cycle of one-sided stupidity, typing out a long spree of babble about redundant shit far beyond the point of even making himself look dumb just so he can get some kind of funnies from it, really boggles the mind.

If you give him a response, he'll only try to use it against you in a vain attempt to point out his own observations about you to make you look bad, I don't even know why I'm bothering to this.

Why map for a dead game?

I've already explained it before. Renegade's engine offers itself well to the same type of work I'm looking to do for a career, that is, low-poly texture-heavy modeling and painting for military simulation.

Don't really care about the rest of your post, not interested in discussing the merits of it.

You obviously do give a fuck since you keep posting. Go make a map or something and maybe you can acquire some validity to your argument, you're obviously trying to compare (Aircraftkiller, lol red underline) to yourself, and before you post read the rest... that is what you're trying to do, honestly it just looks like some 14 year old getting angry at nothing to be honest... "Even if he is 35."

Also... "piss-ant" is a phrase used by individuals who lack any kind of linguistic skills and seem to think they're above what others say or act so instead of trying to raise a constructive argument they just lay out of spree of insults without any kind of backup unless the user had posted something so he has some kind of material to use that post against him. keeping on the premiss that apparently someone missed something, obviously doesn't mean he MISSES it now does he??? "insert Japanese OOOOOOOH here"

( yeah that's my definition I don't use word correcting shit )

An online bully who thinks he's a bad man and tough, nobody is scared, try again...

As mentioned in my previous post, not one constructive point raised from those posts.

And George pointed that out pretty easily, "shiting" did avoid that question rather well, with another question, I wonder if he gets it now...

Sure he'll say things like "You're a dick and I don't like you, who the F are you?" but when asked that... well we all know what will happen, asking a "piss-ant". Raising even further suspicion...

Just who are you mad at? Renegade forums or st0rm, you come here, post some retarded shit, get owned multiple times... and then switch to Renegade forums? Don't use Renegade forums as an outlet for your fucking past because you were banned from it...

Just because we don't agree with you about what happened back then doesn't mean you can make this place your home to just fuck around on because your disgruntled about bullshit from another server. You can either start acting like the mature adult that you ARE and start taking responsibility for actions you done in the past and live with it or....

There's the point we've been trying to convey to you, if you don't get it by now. There is nothing you can do but sit and troll some more, but the level of trolling you're trying to accomplish here makes a much sense as a grown adult insulting another grown adult about him pushing a stroller with a baby in it saying you're a pedo for loving your child... There is defiantly something very wrong with you and you need to evaluate your actions.

And take a long long time to reflect on that before posting, I mean really use your head before you start posting some hot headed rhetoric nonsense... Will you react like a normal 14 year old would or are you going to stop and think for a moment... maybe even stop..

but... who knows?

There is nothing you can do but sit and troll some more, but the level of trolling you're trying to accomplish here makes a much sense as a grown adult insulting another grown adult about him pushing a stroller with a baby in it saying you're a pedo for loving your child... There is defiantly something very wrong with you and you need to evaluate your actions.

And take a long long time to reflect on that before posting, I mean really use your head before you start posting some hot headed rhetoric nonsense... Will you react like a normal 14 year old would or are you going to stop and think for a moment... maybe even stop..

but... who knows?

It looks better this way. It kind of reminds me of a person having their menstrual all over the place.

I admit I did not read all of your post, nor will I. What I meant by "not giving a fuck", was simple: You're trolls who kind of mean nothing.

If you don't like me being an obtuse twat, then stay off of topics that do not concern you. That thing with Wilo and I was none of your guys' fucking business. Yet, there you cocksuckers were.

shaitan wrote on Mon, 05 December 2011 21:33TankClash wrote on Mon, 05 December 2011 19:03You obviously do give a fuck since you keep posting. Go make a map or something and maybe you can acquire some validity to your argument, you're obviously trying to compare (Aircraftkiller, lol red underline) to yourself, and before you post read the rest... that is what you're trying to do, honestly it just looks like some 14 year old getting angry at nothing to be honest... "Even if he is 35."

Also... "piss-ant" is a phrase used by individuals who lack any kind of linguistic skills and seem to think they're above what others say or act so instead of trying to raise a constructive argument they just lay out of spree of insults without any kind of backup unless the user had posted something so he has some kind of material to use that post against him. keeping on the premiss that apparently someone missed something, obviously doesn't mean he MISSES it now does he??? "insert Japanese OOOOOOOH here"

( yeah that's my definition I don't use word correcting shit )

An online bully who thinks he's a bad man and tough, nobody is scared, try again...

As mentioned in my previous post, not one constructive point raised from those posts.

And George pointed that out pretty easily, "shiting" did avoid that question rather well, with

another question, I wonder if he gets it now...

Sure he'll say things like "You're a dick and I don't like you, who the F are you?" but when asked that... well we all know what will happen, asking a "piss-ant". Raising even further suspicion...

Just who are you mad at? Renegade forums or st0rm, you come here, post some retarded shit, get owned multiple times... and then switch to Renegade forums? Don't use Renegade forums as an outlet for your fucking past because you were banned from it...

Just because we don't agree with you about what happened back then doesn't mean you can make this place your home to just fuck around on because your disgruntled about bullshit from another server. You can either start acting like the mature adult that you ARE and start taking responsibility for actions you done in the past and live with it or....

There's the point we've been trying to convey to you, if you don't get it by now. There is nothing you can do but sit and troll some more, but the level of trolling you're trying to accomplish here makes a much sense as a grown adult insulting another grown adult about him pushing a stroller with a baby in it saying you're a pedo for loving your child... You're a sad sad little man, and you did not read a thing I typed, you only read the "bad stuff" which is apparently the shit about you... making yourself bad 101 once again, you're here to make enemies, you're only here for our amusement, but do go on.... you have soo much to say...

You'd be a great teacher if the "art of trolling" was a school... you don't even need attendance, you teach yourself "goodlyier" learn post by post, good for umm you and I thought you were tired of people bleeding that colour all over the forums, yet you comply with it? Oh wait, Trolling Etiquette 101, don't make your past post look even dumber by posting positive negatives... oh wait, I mean NEGATIVE NEGATIVES, god you must think your the biggest fucking tool ever...

You are such a bad troll! You're welcome to try again but I'm sure you're only going to call me some dumb name... Good luck with that.

I've seen better trolls from that movie featuring Ernest P. Worrell.

Like you asked, I'm TankClash and I play Renegade and like quagmire asks... why are you still here? To play Renegade or to be a dick? Or are you going to dodge another question... But since "you" will, I don't see any reason why anyone SHOULD'N'T ban you, are "you" asking to be mocked, or are "you" curious about being mocked?

Not even a sorry for "your" past remarks, if I were in your position I would be sorry... but obviously I'm not so, use that underused thing that's in your head, and I mean brain not wasting oxygen wide nose person but it makes a valid point too because by what I see, you need more of it... maybe 3 noses infact..

"This reaction will have per-concluded results..."

Try again, dumbell.

I hope I made this damn right clear cause apparently the big bad scary wolf thinks the world is about him, oh us PIGS will have to hide when those wide nose having wolves come a knocking, pigs have noses too... Here's a tip, stop using SHIT MUD to build your posts from and solidify yourself in the community, because mud huts built from mud, (now was that for you or to us... I wonder... interesting isn't it?) houses made from shit and water, fall over quit well... But if you want to grow something, well... you can grow bullshit from more bullshit, ya know... and I used to live on a farm... so Try again... before you actually think you're "trying"... noes there goes 2 minutes of my liaf.. HALP..

I meant can't grow bullshit from bullshit, but I just proved you can... OH NOES!!?!?!?! but one typo won't make people mad... oh noes... now people are mad, can't live it down, crawl back to that other server... almost there.... NOES!! MY ANKLES!!!! LET GO

:And for the record, I work at home, technical computing bullcrap which anyone could do with 10 minutes of using a computer, what you're trying to conjure up is some sense of that I do nothing all day but squat? please...ever sit in c++ programing shit all day during college I did, so now I don't have to sit for 6 hours a day doing C++, hell no, only 2 hours of the day... how doesn't take shortcuts... because I do it so well, which I barely do it at all it's off the bat, not something I go to

school for oh wait I did anyway just cause... I leave my house, give tips, fix shit, leave.... 6 hours out of day, you mad at my 2 hour break dogs? I even donate to charity... but it ain't for trollers who have no future because I am not one, it is funny you think I am though. It makes me want to write some special game for COM64 about some ten-pin bowling simulation, and trying to point out faults in my own perfection, its... omg I'm related to... why do I... ffs I can't break through... this is dumb I'm going home lulz....

I know that YOU DON'T KNOW who my teachers were, the fact that you asked who I was explains my point CLEARLY, will you fucking try to understand or continue being a fucking tool(god please yes for I give a flying shit about some dumbass) but then again... I'm pretty sure you'd say some dumb-ass thing to berate them so lets leave them out of this shall we? I don't remember mocking your education but you seem to think mine is of importance for this topic... This really doesn't take long for me to type out I'm typing out 5 other things as we speak, so go on...

You fucking dumb ass excuse for a "scrub".

Take your own advise and shut the fuck up. I would but I don't take advise from douche bags like you...

I know, I don't care, he don't care... we don't care, apparently.

Like I said, small entertainment, apparently nobody plays this game yet people keep posting and shit... making redundant arguments.. about NOTHING....

I'm here, to understand ( and I do, and I never took physiology nor will I ever need to...) why someone is trying to bash shit on a forum for a game that is apparently dead but they keep posting here, it is really quite amusing...

So.... here is the test, why are you still here (renegade is dead but people still play people)

Unrelated but does co inside with some posts on this thread... If you really have something to say, just say it right out, I'm sure the avoidance factor here is about 800%, 0% skill 300% luck and 500% my pointing it out you mother fucks. I went there high five!

School is for dumb people... apparently... you're dumb so go to school, the logic in that. ALMOST makes sense, too bad I thought that when I WAS IN GRADE FUCKING 3... I'm going to, for I have clothes I have to iron with my iron... spit shine those boots son... go to war another day come back and we owe ya a beer, disappear for 2 more years... come back still alive, fatal alliance coalition... and I wasn't sure which country he was from.... hmmmmm make up his mind before someone does for him....
