So then why are you three year olds using daddy's comp to play it?

Last I knew "teen" was a minimum standard to keep you children from viewing violence and thinking you really can use a flame thrower for resolving issues.

Wow you really are master corney-man there old man, i know you feel sad and depressed when your dick stops working and you have to use viagra to get it to work, but get over it. It's not like someone like you really needs their reproductive organ anyway (really you don't, you just need to wait untill catholic priests start raping old men too).

Now, back to this useless topic written by a newbie with no life, who the fuck you think you are talking about people's lives only cause you didn't get a chance to get one in the last 50 years? do you think anyone but yourself cares about this? and do you think I don't know your only defence against this post is "Well, you must care since you replied"?. To tell you the truth I don't give a fuck about this or your gay fantasies when you were a boy 70 years ago, I just love seeing you newbies throw pointless posts about how we don't have any lives because you can't say anything else, it gets me going.

PS: You have no right to call someone a low-life when you belong to an online "community" of old fags that still sleep with teddybears, and in which the so called "community" claims to have saved Renegade (an online game) because they believe in the words of the female buddah you have as an admin.

Yea, your about as gangsta as the Little Rascals.

Grow up, honestly. Its not like you two will ever meet or fight, so what does it matter? Its the internet, lie your ass all you want. As for Spanky and his preadolescent-early stage of puberty self, honestly, do yourself a favor and shut the fuck up.

"OMG, I AM GANGSTA THUG, I WILL B347 J00 UP!"

Fat chance dickbeater. But maybe sometime I will come up to the McDonalds Play Place and bitch slap you around some before I stuff you in a garbage can, where you belong.

IceSword, you should just shut the hell up before you look like more of an idiot. The closest thing you would get to anything remotely "gangster" would be your mom giving a thug a blowjob for your lunch money.

And for something to be a joke, it has to be funny, witch most evidently, it was not.

Next time, learn how to be funny and how to insult somebody w/o making you point something that relies on a dozen or so cuss words. And I also find your stupidity overwhelming in the fact that you call people n00bs on a forum. But hey, when you are a fucking clueless brat, who cares, one insult is as good as another eh?

Says who?

I work in game development, and I work on games for the people that want to play them. All the people that want to play them. A recent survey showed that the average age of a gamer is 29. Your argument is weak.

IceSword7EpyonWow, nice language. Speaking of age, I would say you are 14. Seems the way you insult somebody is by using all cuss words, good job there, you made yourself look like an idiot yet again.

And for something to be a joke, it has to be funny, witch most evidently, it was not.

Next time, learn how to be funny and how to insult somebody w/o making you point something that relies on a dozen or so cuss words. And I also find your stupidity overwhelming in the fact that you call people n00bs on a forum. But hey, when you are a fucking clueless brat, who cares, one insult is as good as another eh?

Now stfu and die, kthnx

WTF are you on, you incompetent little imp. Who on Earth said I was 30? Oh wait, your feeble little mind just thinks what it wants. And in relation to intelligence, I guess I mind was well be 30 when compared to you. Next time, when you post, do yourself a favor and pull your head out of your ass. Just because you are 15 doesn't mean you get to act like a compete fucking moron and waste all of our time. And you just about repeated your first post, so, try to think of something a bit more creative this next time, and no rely on quoting me to make it look more stand out for you.

Well, at least I can type, and don't mangle the English language the way that you do.

I'm sure I don't need to point out that this is a public forum. I'm as entitled to post on here as you are. As for being a "nobody", that just proves how out of touch you are with the community. I don't see you as being either important or skilled, just a child that hides behind the anonymity of the internet to try and argue with people that are his intellectual superiors. You've singularly failed to present a valid argument, while others have utterly annihilated your "points", a fact that you don't even seem to be aware of.

Still, keep trying

no im saying that this is how teenagers type online. If i were writing an essay then I would not be using abbreviations. But sense this is a forum for a computer game im not goin to spell check my stuff.

And i no you dont have skill because of the people you hang out with on renegade. I would be able to rape you 1v1 with out a challenge.

Funny, I never typed like that as a teenager online, nor do a lot of teenagers that I know. So once again, your blanket statements are proved incorrect. What you mean is "this is how I type online"

Sigh i could go on about how old you are and how you shouldnt be playin this game but im sick of arguing with n00bies like you on these forums if u want to continue this arguement take it to renegade play me 1v1? Then you can tell everyone how it feels to get beat by somone whos mind isnt fully developed. :rolleyes:

There you go again, blasting your mouth off before your mind even has a chance to think. But I'm sure if you waited for that to happen, you would be here all day. Had the thought even occurred to you to ask how old I am? I'm 18, not 30, you sad sad little brat. And since when was Renegade 1 on 1 game? I can tell you right now, on a base with Base defenses, Nod player will win, map w/o defenses, person who can get to the ped first. Renegade is about using a team, not some dumb

everybody who posts here. So once again, do yourself a favor and stop posting, or next time, at least THINK for the love of god.

Edit: For Epyon

Wow the proves how n00bie u really are do u think ped win is on in a 1v1 wow thats sad and if u want ill give u nod on field and u would still lose

1v1 shows your skill at renegade overall instead of just with one char. 1v1 shows that you know how to kill there base while still protecting your own. Instead of relying on your team mates

Edit: For Pirmurho and Epyon

So lets see first you dodged my challenge for a 1v1  
then you dodged my challenge for a orginized big game  
and then you dodged my challenge for a 1v1 again

Just like i new you were U HAVE NO SKILL AND YOU SUCK AT RENEGADE

Honestly, you must have only 5 brain cells working overtime to type that undecodable nonsense.

What Epyon and Pirmuhro and doing isn't challenging you to a game. They are taunting you, insulting you, prodding you to the point of going insane, as proven by Havocman. In your case, it is a highly good thing they are doing so, as fucktards like you are just one of the degrading pieces of shit that lower humanity's average IQ.

Also, you should know that there is a difference between fear and pity. Fear is what makes a person want to prove to another that he can do a certain thing, in fear of losing face. Pity gives the person the ability to ignore the person that is challenging him, and forget that he even existed. You apparently cannot grasp this concept, therefore you continue burying yourself deeper and deeper in your own hypocritical bullshit.

Apparently the only thing you wish to do is to continuously challenge people so you can prove to others that you are superior. Your arrogant tone and horrible grammar skills are NOT a good way to earn respect in this community. So get off your high horse, welcome to the ocean, and paddle hard.

Now to continue with Renegade....

1 vs 1 proves absolutely NOTHING. It is very easy to win a 1vs1 without even encountering your opponent. MANY techniques can be used to win a 1vs1, most of them being incredibly cheap. And what I find oh-so-ironic is that if the person that you challenge DOES win the challenge, you say that they used the same cheap tactics that you were going to employ in the game also.

Now, you may call us no-life geeks, or whatever creative insults you can think up (although I highly doubt you can think of any), because WE WON'T CARE. Our life does not revolve around the internet, unlike you, who apparently loves to bask in fake glory given to him by pathetic lackeys. We have better things to do in life than argue to ignorants like you.

I await your witty response, which I am sure you will use your incredible debating skills to astound us and finally shut us up.

And last but not least.....

:rolleyes:

Yes I know they are not challenging me they were saying stupid things that they seem to think relate to me. I can easily type this whole post with out making a spelling error or whatever if I wanted to but whats the point this is not getting graded is it? There for there arguement is 100% pointless, its not like im retarded and can't read what i write its that im not going to waste time doing so.

Difference between fear and pity eh? You really think its pity that is keeping that from playing me? Thats the stupidist thing ive ever heard, both of them know I can own them with out effort.

You really think that im trying to prove something to this n00bie community? They already know i am 4x better then them at this game or they wouldnt be dodging every challenge me and the rest of the clanwars community have made.

Lol I use to think the same thing "a 1v1 on a no guard tower map is just a race to the other persons base". Of corse that means you have never played one. If you tryed to beat me 1v1 by avoiding me the whole game i promise you i would have your whole base destoryed before you killed 3 building.

You think you could win a 1v1 with me easy? Go for it play me...Whats the point is asking "1v1 means nothing so im not playing" same shit everytime thats what happens when you challenge n00bs.

There is know way you could say the same thing on a map like field because on field you need to take the field with tanks. A guard tower map involves attacking buildings from the outside instead of sneaking in.

I call you morons losers because every little spelling mistake i make you flame me for, HOW SAD IS THAT, that you have to flame me for spelling mistakes because you cant beat me at the game we are argueing over.

Cmon thats a third person you could use how about a 3v3? now

Once again, it is not us who is avoiding the point, it is YOU.

YOU constantly say that you can own people and that you are the best. YOU flame people who make better arguments than YOU do, therefore YOU challenge them. And when they refuse, YOU immediately claim immediate victory for something that YOU didn't even do.

The reason that they do not accept your challenges is because they feel they don't have to prove themselves to half-brained buzzards like you. You can say all you want that you are the best, that will not make it true. You can challenge people, and if they simply do not want to play, you claim you are the best.

It is no wonder why people choose not to fight you. Nobody wants to fight you because you don't earn their respect. If you honestly think this community is going to act on impulse to see who's penis is larger, you are DEAD wrong. People actually control themselves in here. Now, if you wish to go and find another community of ignorant n00bs who accept any challenge just to maintain their pride, be my guest. You will not be missed.

And on your last comment, I don't flame you because you make a few spelling errors, which is NOT TRUE. You abuse the English language like if it were your own mother. Your grammar is horrible, and EVERYTHING you type comes out in garbled nonsense. THAT is the reason why I flame and provide decent arguments to back up my case.

You, on the other hand, better stick to your LeapFrog books.

No ur wrong ice can do that cuz no 1 opposes him. If u want him to stop claiming he is the best its simple. Play him. He can say it all he wants and u really cant say he aint until u play him. Instead of sayin u have no respect or have no time for it play him try to prove him wrong. Stop dodging with excuses. Cuz until then he is better than u.

No my friend you are the one that is wrong you people try to make me look stupid on this forum over and over again and what better way would there be to make me look stupid then to beat me after i challenged you and flamed you the only reason you dont accept my challenge is because you know you would lose.

When you dodge a challenge like that its like not showing up for the game which means you forfeit and that means a win for the other team (me)

If I went on the clanwars forum and challenged them they wouldnt post about how bad my spelling is they would play me. Why is that? because they have the skill to back up what they say over there.

And my spelling and grammar is not great because it is a fucking gaming forum. I dont go on microsoft word and spell check everything I do because again this is not getting graded. Hell im not even goin to read over what i say all i do is click submit.

No one opposes Ice because they are tired of his "OMFG LIEK I RUUL YUO AT TIHS GAEM!!!!1111" ramblings. You obviously don't know this, and you worship him as if he were the greatest thing since sliced bread.

And there is something called an opinion. Have you heard of it? It's what a person thinks about a certain subject. And it is TWO opinions (you and Icewang) against many. You can go ahead and separate yourselves from the rest of us, claiming that you are the best. But do you? No, because both of you are attention whores who want people to bow before you.

Nice try, kiddo, but your little argument is severely flawed.

No one opposes Ice because they are tired of his "OMFG LIEK I RUUL YUO AT TIHS GAEM!!!!1111" ramblings. You obviously don't know this, and you worship him as if he were the greatest thing since sliced bread.

And there is something called an opinion. Have you heard of it? It's what a person thinks about a certain subject. And it is TWO opinions (you and Icewang) against many. You can go ahead and separate yourselves from the rest of us, claiming that you are the best. But do you? No, because both of you are attention whores who want people to bow before you.

Nice try, kiddo, but your little argument is severely flawed.

If you were tired of my "OMFG IEK I RUUL YUO AT TIHS GAEM!!!!1111" that would be a good reason to play me wouldnt it? They would be trying to shut me up by playing me wouldnt they Smart One?

And you say "kiddo, but your little argument is severely flawed." how do you figured they are flawed we are calling you n00bs and thats what u are, n00bs. I see no flaw.

IceSword7Umbral\_DelaFlarelceSword7Yes I know they are not challenging me they were saying stupid things that they seem to think relate to me. I can easily type this whole post with out making a spelling error or whatever if I wanted to but whats the point this is not getting graded is it? There for there arguement is 100% pointless, its not like im retarded and can't read what i write its that im not going to waste time doing so.

Difference between fear and pity eh? You really think its pity that is keeping that from playing me? Thats the stupidist thing ive ever heard, both of them know I can own them with out effort.

You really think that im trying to prove something to this n00bie community? They already know i am 4x better then them at this game or they wouldnt be dodging every challenge me and the rest of the clanwars community have made.

Lol I use to think the same thing "a 1v1 on a no guard tower map is just a race to the other

persons base". Of corse that means you have never played one. If you tryed to beat me 1v1 by avoiding me the whole game i promise you i would have your whole base destoryed before you killed 3 building.

You think you could win a 1v1 with me easy? Go for it play me...Whats the point is asking "1v1 means nothing so im not playing" same shit everytime thats what happens when you challenge n00bs.

There is know way you could say the same thing on a map like field because on field you need to take the field with tanks. A guard tower map involves attacking buildings from the outside instead of sneaking in.

I call you morons losers because every little spelling mistake i make you flame me for, HOW SAD IS THAT, that you have to flame me for spelling mistakes because you cant beat me at the game we are argueing over.

Cmon thats a third person you could use how about a 3v3? now

Once again, it is not us who is avoiding the point, it is YOU.

YOU constantly say that you can own people and that you are the best. YOU flame people who make better arguments than YOU do, therefore YOU challenge them. And when they refuse, YOU immediately claim immediate victory for something that YOU didn't even do.

The reason that they do not accept your challenges is because they feel they don't have to prove themselves to half-brained buzzards like you. You can say all you want that you are the best, that will not make it true. You can challenge people, and if the simply do not want to play, you claim you are the best.

It is no wonder why people choose not to fight you. Nobody wants to fight you because you don't earn their respect. If you honestly think this community is going to act on impulse to see who's penis is larger, you are DEAD wrong. People actually control themselves in here. Now, if you wish to go and find another community of ignorant n00bs who accept any challenge just to maintain their pride, be my guest. You will not be missed.

And on your last comment, I don't flame you because you make a few spelling errors, which is NOT TRUE. You abuse the English language like if it were your own mother. Your grammar is horrible, and EVERYTHING you type comes out in garbled nonsense. THAT is the reason why I flame and provide decent arguments to back up my case.

You, on the oher hand, better stick to your LeapFrog books.

No my friend you are the one that is wrong you people try to make me look stupid on this forum over and over again and what better way would there be to make me look stupid then to beat me after i challenged you and flamed you the only reason you dont accept my challenge is because you know you would lose.

When you dodge a challenge like that its like not showing up for the game which means you forfeit and that means a win for the other team (me)

If I went on the clanwars forum and challenged them they wouldnt post about how bad my spelling is they would play me. Why is that? because they have the skill to back up what they say over there.

And my spelling and grammar is not great because it is a fucking gaming forum. I dont go on microsoft word and spell check everything I do because again this is not getting graded. Hell im not even goin to read over what i say all i do is click submit.

-Dodged

All you try to do is entice people to fight you. I have nothing to prove to you, as you deserve as much respect as the fungus growing by my tree. You may interpret that as dodging, and therefore you immediately claim victory. If you say you are so good and have already guaranteed that you will kick my ass, what is the point in accepting your challenge?

This may be a game forum, but at least people over here type in an understandable manner. This forum is WAY different from CW, since people over here don't jump up to any challenge to prove which penis is bigger. I may or may not have the skill to beat you in a Renegade game, and I don't really care. You can blab all you want, but you are still an ignorant bigot in my eyes, and in the eyes of countless others.

You do realize you are singling yourself out in this community, right? By doing so, you are suspect to a lot of critisizm, insults, and slander. And then when you whine about it, you will have no one to blame but yourself.

And about spelling? If I wanted to, I could write the way you do at this very moment. But I don't. I CHOOSE to type legibly, so everybody can understand me. You choose not to. You are the one making that mistake, not me, so I choose to insult you for it. This is the internet, not real life. Get that through that hole you call your head.

IceSword7Umbra1\_DelaFlareUsmi16No ur wrong ice can do that cuz no 1 opposes him. If u want him to stop claiming he is the best its simple. Play him. He can say it all he wants and u really cant say he aint until u play him. Instead of sayin u have no respect or have no time for it play him try to prove him wrong. Stop dodging with excuses. Cuz until then he is better than u.

No one opposes Ice because they are tired of his "OMFG LIEK I RUUL YUO AT TIHS GAEM!!!!1111" ramblings. You obviously don't know this, and you worship him as if he were the greatest thing since sliced bread.

Java are u serious the world does forgive sometimes cant forget BUT STILL FORGIVES. U dont see the jews still holding germany responsible for the eradication of more than half the population ova 50 yrs ago. U dont see the black population everyday bringin up about how they were enslaved for alot of yrs. I can keep goin if u want java but as u can see the world does forgive for past actions. I could understand if he kept doing it but he hasnt and u keep using it against him. So just drop it java.

Well seeing how i havent had 1 murdered i cant make an accurate prediciton. But u do see people who are killed in car accidents if the person who is responsible shows moral compasion does the family not forgive they do. Things like this happen everyday. So i think java u should start to change ur thinkin methods on holding grudges against people.

I'll hold grudges against whomever I want. If they have a problem with me, they can take to me, and I will deal with them on my own time. Now, this is not a valid point in this arguement, so this ends now.

I can complain as much as I want to, because, as you said, these are community forums. What YOU and ICEWANG don't understand is that the community is a whole, not separate individuals. And due to Ice's previous history, mostly everybody remembers him being a racist.

Notice I said on behalf of NEARLY everybody, not for everybody. Instead of simply skimming a long post, why don't you try reading it, it might hold useful information that won't make you look like a jackass later.

end of story

And you proved I have no skill because I didn't accept your challenge?

That is an interesting theory. So if I challenge Javafx to a match, and he says no, does that mean he has no skill? Hell, I can say the same thing about anybody I want.

Once again, your argument is flawed. Lets see what other bullshit you come up with now.

I already knew that this community was made up of n00bs and u dodging my challenge just proves that even more

Ah, so now by me "dodging" a challenge, I am reinforcing a "fact" that you already knew?

And if this community is made up of n00bs, why are you still in it? Why do you even bother posting, if posting makes you part of the community, therefore making you a n00b by your own definition?

Give me something better to work with. I am getting bored with your petty arguments.

I do not consider myself part of this community because everyone hates me here and i like hanging out with skilled people when i play renegade.

I am apart of the clanwars community (the skilled part of renegade).

What I find incredibly ironic is that the more you respond, the more you prove you care what other think about you in here. If you said you don't care what others think, why do you still reply to my comments?

Also, if clanwars is the skilled part of Renegade, good for you, and good for clanwars. Now leave us the fuck alone. 4F

i reply because its fun to argue with n00bs like u. do u really think i would still be here if i wasnt having fun?

First off, Usmi16, please change your avatar. That one is clearly labeled not for use by anybody except me. Kthnx

Right now, the only flaw in this argument is IceSword.

I don't know why you STILL persist on 1 on 1 battles. Your logic clearly rivals the level of a 3rd grader. The object is not to destroy the other base and protect your own in a 1 on 1, as clearly stated in the FUCKING LOADING SCREEN, it is to kill the other base before they kill yours, simple. I don't know what kind of shitty games you play, but you obviously have no clue what a real game is like. Even on a 3 on 3, Java, Umbral, and I would totally decimate you and make you wet your panties at how bad you would get whooped. I am not part of this community, I just waltz in on occasions and post my two cents, your n00ishness just happened to be a super magnet that attracted my "attention". Now, take your n00b cops and robbers playing ass and get the fuck out.

Want a 3 on 3?

Just be ready to loose, because you will, and we will keep plenty of screen shots to post around the forum when we are done. Although, that also depends on if these other people wish to waste their time on your sorry ass.

Now, do yourself a favor, and quit posting. You only make yourself look like more of a fucking retard every time. I'm starting to question that you are even 15 years of age. At this point I would say 12 and that you still think girls have kooties.

Why on earth would I want to do that? To prove my skills at Renegade? I have no need. Maybe you'd win, maybe we'd win. The point is that I don't care. I don't hold my Renegade skills up as the be-all and end-all of my existence. I'm far more secure in the knowledge that I'm more intelligent, skilled and successful than you are ever likely to be.

Exactly who are you to tell him what to do? You are no more of a normal user (and even lower

than a normal user, as a matter of fact) than anybody else in here.

And with you it seems we have the point where you can't come up with anything that can support your argument, therefore you just stick with basic insults. You seem to care so much about Renegade, but why? Is Renegade the only thing you are good at in which you can prove your skill to others? Because that seems to be the reason why you are pressuring so many people into fighting you.

Therefore, we can safely say that the ONLY thing you are good at is Renegade, because OUR lives don't revolve around what others think, while yours does. We have better things to do than to play against whiny idiots like you who think they are gods because they are skilled at an online video game.

Let me know if I'm going too fast for you here, hoss, kk?

It's so ironic for you to write about "trash talking" when you look throughout this thread, seems to be mainly you and your friends doing it. Thus, I suppose, you have no life - just using your own definition here.

What kind of boring ass arguements are those. This is a fucking game forum about the game 'Renegade'

So what the hell do you expect me to challenge you to "1v1 generals, 1v1 ping pong, 1vs1 footrace"

The fact that you dont accept the challenge shows me that you already know that we are 5x better then you will ever be at this game and thats the only reason you dont play because you know it is true.

Here's a better question - what the fuck does it matter if we suck at the game or not? It's a game you idiot, eventually everyone will move on and no one will remember this trivial bullshit. Well, except you perhaps.

Now, please, do us the favor of fitting yourself into an envelope. Make sure someone seals it for you. Once you get sorted in the mail pile, eventually you'll just sink to the bottom because you've got no stamps, and the heated pressure of the mail above you will crush you into peat. Shortly thereafter, your remains will be scattered upon the ground like mulch, where the nutrient pool you provide will help plant life grow - giving your life the only meaning it will ever have.

"Oh, and BTW, clan wars sucks ass hard, it really does."

ok ok i just have to post at this, clanwars is the most skilled community out of the two without a doubt, been this way since the game started basically, there is no way u can argue against this. OPS, the 2nd best clan at the time, beat the ppl at the pits so easily, and at that time the best clan, doa could demolish ops easily.

Right now the clanning community is dead and gone, it was a two clan race from july 2002 up to january 2003 so its basically been pretty quiet for the most part, but clans always have and always will have way more skill than any collection of indi ladder players (used to be 1 myself up untill may 2002). There is no way that any collection of u could beat a clan team like doa or ops.

But, id just like to say that Clans never used to be filled with idiots like the ones posted here, with a few exceptions(sukhoi, duk etc....). These guys just act big coz now that ops and doa left, they r the best of whats left. Im sorry they had to post here and ruin any chance of a Comm vs clanwars game. It sounded fun, easy, but fun but since the fucktards posted their BS now we'll never get the game, ah well, maybe they wouldnt have been fun, the pits games were too easy to be called fun anyway, apart from raven pwning lurker, that pwned.

First off, as an outside prospective, the pits people don't have much teamwork going there with them aside when it comes time for the occasional rush. The only repairing that gets done is by people that need cash. But, that was an opinion from awhile back. I'm not sure how they do recently. And Lurk is not as good as he used to be. Its common knowledge that he point whored his ass off to get first on the ladder, and he spent a lot of time doing that, adversely effecting his

there is more important things here than a shitty POS ladder.

Now, I don't know why I even bother to respond to you ignorant little brats, you all make me want to puke. Ack was quite right in his post. Resorting to a game match is the same as resorting to a physical fight over the internet, you already lost one battle, so you try to start a new one in hopes of winning. Either it be battle of wits, renegade, or a physical fight you will lose. You are far too arrogant for your own good, and its just going to hurt you more when you loose. And please don't bring guns into this, its quite sad, and it really makes me want to shoot you all in the kneecaps with a handgun, so please stop. I would say that stupid people should be locked out of this thread, but then again, there would be no argument because you would be gone.

As for the 3 on 3. It wont be hard to recruit people. I would say Aircraftkiller, Javafx and I vs. you and your n00b crew would do well, assuming they want to waste their time with you, witch it doubtful. The only reason I plan to is to get you to shut up. But, keep a few other friends handy, I am sure it might become a larger game quicker than expected. So, you and your little goon squad just hold your horses.

Somebody on IRC who reads this, please remind me about it later Tuesday when I come on. I am somewhat absent minded and wake up about 3-5pm on average because I am enjoying freedom before I join the military

EpyonFirst off, as an outside prospective, the pits people don't have much teamwork going there with them aside when it comes time for the occasional rush. The only repairing that gets done is by people that need cash. But, that was an opinion from awhile back. I'm not sure how they do recently. And Lurk is not as good as he used to be. Its common knowledge that he point whored his ass off to get first on the ladder, and he spent a lot of time doing that, adversely effecting his

there is more important things here than a shitty POS ladder.

Now, I don't know why I even bother to respond to you ignorant little brats, you all make me want to puke. Ack was quite right in his post. Resorting to a game match is the same as resorting to a physical fight over the internet, you already lost one battle, so you try to start a new one in hopes of winning. Either it be battle of wits, renegade, or a physical fight you will lose. You are far too arrogant for your own good, and its just going to hurt you more when you loose. And please don't bring guns into this, its quite sad, and it really makes me want to shoot you all in the kneecaps with a handgun, so please stop. I would say that stupid people should be locked out of this thread, but then again, there would be no argument because you would be gone.

As for the 3 on 3. It wont be hard to recruit people. I would say Aircraftkiller, Javaxcx and I vs. you and your n00b crew would do well, assuming they want to waste their time with you, witch it doubtful. The only reason I plan to is to get you to shut up. But, keep a few other friends handy, I am sure it might become a larger game quicker than expected. WOOO another long one...

Paragraph1:

Yea Yea We all know that the Pits people suck thats nothing new.

But who are you to say that the clanwars ladder sucks you dont even use it. I dont know how the generals part of clanwars compares with the other ladders on that game. The renegade part of CW is 10x better then the ladder on renegade itself. So dont talk crap about the CW ladder when you dont even know how it works.

Paragraph2:

If you want to tell your selves that you one the arguement of who knows how to type right go ahead 50, prox, me, and usmi couldnt careless we are all teenagers and that is how teenagers type on the internet.

We didnt bring guns into it ACK did. He threatned to shoot prox remember? lol... :rolleyes:

Paragraph3:

K you do that recruiting (quickly please i wanna play)

ACK wont play because he knows what hes up aganist and knows that he cant win

Java Might...dunno

Larger game eh? Sweet...50 wanna play?

No, it's not how teenagers type on the net. I'm 18 and I always use decent grammar, even though my standards are not up to scratch with Pi's or ACK's spelling.

You just can't type, admit it.

You see none of you will play me. You can correct my grammar or spelling how many fucking times you want, but bottom line is its still a game, and you fools choose to bicker over it than play it. And it eats you up inside becuz you know i'm right. So what do you do? You resort to a different kind of arguement - correcting other peoples spelling over a game. LMAO you fools are funny :twisted:

ROFL spoken like a true n00b England. In 1v1s its not just about who makes it to pp in time fool, especially if its base defence. In 1v1s (mostly on field) it proves how well you are in tanks. Mostly light tanks, meds, and arts. Proves how you can attack the enemy and defend your base at same time. Shows that you can attack, yet at same time watch out for stank rushes APC rushes, flame rushes etc. Shows how well you use strategy, how well you rush and stay alive, or destroy a building. If can do all of that in just a 1v1, then you could be best player on your team in a team game as a 4v4 or 5v5. LMAO and you didnt kno that...no wonder why you wont play me, LMFAO you dont even have the concept of the game right.

Then when you explain why 1 v 1 isn't representative of skill (something they SHOULD understand being clan-based) they don't like the answer.

EpyonFirst off, as an outside prospective, the pits people don't have much teamwork going there with them aside when it comes time for the occasional rush. The only repairing that gets done is by people that need cash. But, that was an opinion from awhile back. I'm not sure how they do recently. And Lurk is not as good as he used to be. Its common knowledge that he point whored his ass off to get first on the ladder, and he spent a lot of time doing that, adversely effecting his

there is more important things here than a shitty POS ladder.

Now, I don't know why I even bother to respond to you ignorant little brats, you all make me want to puke. Ack was quite right in his post. Resorting to a game match is the same as resorting to a physical fight over the internet, you already lost one battle, so you try to start a new one in hopes of winning. Either it be battle of wits, renegade, or a physical fight you will lose. You are far too arrogant for your own good, and its just going to hurt you more when you loose. And please don't bring guns into this, its quite sad, and it really makes me want to shoot you all in the kneecaps with a handgun, so please stop. I would say that stupid people should be locked out of this thread, but then again, there would be no argument because you would be gone.

As for the 3 on 3. It wont be hard to recruit people. I would say Aircraftkiller, Javaxcx and I vs. you and your n00b crew would do well, assuming they want to waste their time with you, witch it doubtful. The only reason I plan to is to get you to shut up. But, keep a few other friends handy, I am sure it might become a larger game quicker than expected. So, you and your little goon squad just hold your horses.

Somebody on IRC who reads this, please remind me about it later Tuesday when I come on. I am somewhat absent minded and wake up about 3-5pm on average because I am enjoying freedom before I join the military

Oh i will gladly accept this challenge. Even tho i think your a complet idiot, i respect you for offering it. And again with battle of wits, omg you and Ack are basically saying "hey lets argue over a online game instead of playing it". Its foolish. Anyways, my aim is xNeZi, either add me and contact so we can organize this game, or just post here.

No wats sad is how they try to talk shit and when there challenge they dodge and make excuses. Like wat ice said. You challenge them to a 1vs1 they say this game is a team-based game and wont play. You challenge them to a 2vs2 3vs3 4vs4 etc they dont reply or dodge. The only sad thing here is this community.

Don't think so... in order for it to be considered harassment, it has to be an actual death threat. Such as "I'm going to track you down and kill you". Simply saying that he has something that

could kill, or has the means to find you and harm you is not really harassment. However if you feel it is, contact your local police station, or a lawyer and find out if it would qualify.

It can't be taken seriously by anyone with an intellect. That's the beauty of it, given the circumstances.

If you want, I'll get an image of the assault rifle as soon as I can.. along with the ammunition clips and some spare bullets that wouldn't fit into the magazines.

Well, seems like people can't be bothered to waste their time to play you, and any player that I would consider playing with ranks playing a game against you right up there with mutilating their own eyes, and sticking forks in power outlets on their list of things not to do. I honestly can't be bothered to search for players or have to ask them a favor for the likes of you.

Now I know you want to play a game of renegade, where you stand a slight chance of coming out on top. But I am afraid you will have to fight out this lopsided battle of wits here. I know you and your friends are practically defenseless when it comes to fighting with your brain, but, sucks for you. Now, as I was reading through this, I saw some more things. HOW FUCKING STUPID CAN YOU BE? A FUCKING 1 ON 1 IS POINTLESS, WORTHLESS, MEANS NOTHING, AND IS ABOUT THE DUMBEST THING YOU CAN ASK. SHUT UP WITH THE 1 ON 1 MATCHES, YOUR STUPIDITY MAKES ME SICK TO MY STOMACH. Also, the super soaker is not funny. Now I know when you are just hitting puberty, and are immature and all that stupid stuff like that

seems funny, well, you will have to do harder than that to make anybody that has half a brain laugh. Aside from the fact each of you needs a good ass whooping, you all just CANNOT FUCKING LEARN. Here, TAKE YOUR HEAD OUT YOUR ASS AND USE IT TO THINK. How many times must posts be repeated here?

Lmao we all knew that know one would play us unlike you they know what they would be up against and know that they would not be able to win.

And again you idiots think that we are losing the "battle of wits" because you think that we don't type well if you want to tell yourself that you won that "battle of wits" feel free but that's all you have on us.

But we have the fact that you're all 30+ years old losers still playing a video game who would rather come on a noobie message board and argue with people half their age instead of play the game. And the fact that we are 10x better than all of you at every aspect of this game.

So really we won since we have more things on you.

Yeah i hate 1 on 1 games they're not hecktic enough and there's no Owing anybody or massive counter attacks. I mean there's nothing better than when there are hotwires repairing one med and you try to take it on yourself then 2 stanks and a raveshaw come in to help and you wipe out that annoying Hotwire and pesky tank friend

An SKS is the Semiautomatic version of an AK-47. It requires 7.62x39 ammunition made by communist bloc countries. Thier ammunition is mass produced, and of poor quality due to poor quality control measures in place during the cold war era.

It's a nice all around rifle, and shoots well. The chrome plated barrel keeps it from rusting solid if in the field, and it jams less than the M-16, but then again the 16 is automatic. No comparison. Ack

IceSword7So what the game has not been desided CW is the skilled side of the renegade community and untill you prove us wrong we do own everyone on this site and yes you are all n00bs

Actually, labelling yourself "the skilled side of the Renegade Community" does nothing in this arguement. Following that logic, I'm labelling myself your direct superior, and you are nothing but a lowly peon until you prove me wrong. That doesn't make much sense, now does it? So the rest of that point is totally moot. We still control the strings here, and all you guys can do is keep suppositioning that you are better than us without a game to prove it in -- and by us delaying said game, (considering that players, date, and location of it are still undecided) we are holding all your proofs in our court.

Allow me to reiterate in case that didn't sink in: We have proof that you kids are morons; you do NOT have proof that [all] of this community here are n00bs, (depending on if the jargon defination of n00b is someone who "dodges" challenges.) and until the game is played, you will not have any proof on your part -- who knows, you may never get your proof.

Quote:

Crimson has barely made any posts in this thread, and those posts she makes simply reiterate what others have said. How can "she" have started it when you whine about others dodging. As far "saying something insulting", what right do you have to say that after all the trash you said about Crimson on COUNTLESS occasions. Its like making fun of a kid in your class and crying and pouting when he makes fun of you.

A friendly game would be a mixed match with both sides random, that would allow a perspective of the best players. Any other match would be pointless and shallow and would accomplish nothing except to start another pissing contest that will go in 9 pages of flames and funny yet scathing come backs.

The difference between us is that all the proof we need to explain your community's idiocy is on your forums, and all the proof you need to say "OMFG I FUJIN OWN U FGAGG" lies in a game which hasn't even been played yet. So, if you want to think rationally for once, you have the burden of proof, we no longer need it -- or needed for quite some time. By leaving this "game" undecided as to when/who/where it will be played is an easy way to withhold any proof you may or may not get to your claims. Looks to me that we are puppeteer, and you are the puppet.

A note to the next member to post in defiance to simple logic, calling me a "fucking n00b" doesn't change the fact that you have nothing to back it up with, at least, not yet anyway.

So what the game has not been desided CW is the skilled side of the renegade community and untill you prove us wrong we do own everyone on this site and yes you are all n00bs

And we didnt start this crimson did we came here askin for a honest friendly game you all dodged the challenge and crimson said something insulting so dont blame us for this war. If you had just accepted the challenge this all would not be happening. Or if Crimson hadnt said that then maybe this wouldnt be happening

( i love you java )

Please show us where crimson insulted you first.

And don't bring up that post wher eshe called people in the CW forum children... because thats been proven true. Therefor no matter how much of an insult it is, that point is moot.

In fact it was x50c3nt who insulted first. Let me show you the differance.

Crimson: Those forums are like... overrun by children. They have this fetish with their hatred for me that's lasted way longer than it needs to...

This is an insult backed up with proof that it is true, no matter how demeaning. Therefor making any arguement about her insulting you a moot point.

x50c3nt: Fckin pathetic "community", notice Crimson or Blazer not posing on this topic...what? Scared that CW will prove that we own you?

An insult NOT backed up by any sort of relevant proof. Therefor we are able to agrue that this was the first insult thrown.

I wasn't going to get involved in this topic seeing that it was an immature thing to start, but the posting of misinformation had to be corrected.

Crimson has barely made any posts in this thread, and those posts she makes simply reiterate what others have said. How can "she" have started it when you whine about others dodging. As far "saying something insulting", what right do you have to say that after all the trash you said about Crimson on COUNTLESS occasions. Its like making fun of a kid in your class and crying and pouting when he makes fun of you.

Yes, after being repeatedly called a "fat bitch" who "eats cell phones" (even though the picture was shot to appear like I was licking the phone -- and was obviously staged to be humorous to the owner of the phone who is supposed to think his earpiece was licked...) -- I think I'm entitled to an insult or two.

After all, I was just spreading the word about RenGuard which is my job as PR for the project.

WalrusA friendly game would be a mixed match with both sides random, that would allow a perspective of the best players. Any other match would be pointless and shallow and would accomplish nothing except to start another pissing contest that will go in 9 pages of flames and funny yet scathing come backs.

Thats the problem... this game will be for bragging rights.. if we lose CW will continue unrelentlessly that this community sucks. If we were to win, hopefully we'd be able to act more maturely, but I somehow doubt that all of us would.

True Ice, cant expect them to say nothing after months of inside insults. Anyway, a game between CW and Crimson peeps would be fun and probaly put end to this bickering. I myself would stay shut, win or lose. I'm pretty sure all of you would stay shut win or lose. You seem to be scared of the result of this game if u lose, so i guess if u win you'd stay shut. I'll stay shut, Ice will, Hydro will, and probaly everyone at CW. But you fags are too scared and come up with stupid ass excuses. And if you dumbasses arent going to play a large game, then stfu already. "Community rejects" "idiots" Javs stupid insult couple posts up. I didnt insult him when i asked him to tellme what he said in detail. Yet he chooses to insult me says i finally "get it". You see you fags arent the "good guys" you insult us just as much as we do to you. But diff between us and ure fools, is that we'd rather end this in the game we are bickering about instead of forums. But you fags come up with excuses "wouldnt prove anything". So you rather continue to bicker over this stupid shit? Geez ure all morons. All talk no play. None of you can back up anything you say. I challenged everyone who has insulted me here to a 1v1 - Kirby, Warranto, and more n00bs i dont kno bout, but none of you accepted. Whats ure excuse for that? "1v1s prove nothing". So you wont play me 1v1, you say rens a team-based game, but you dont want to play us in that either? I'm confused. So all any of you do is talk crap - you wont play us - so you all rather talk crap. Kirby for example, anytime i challenge or bring this up he goes to the most stupidest insults i ever seen. And then he trys sounding smart by correcting my grammor or spelling. He totally ignores the main reason why i ask for game. Most of you (after reading this) will come up with more excuses or dodge the fact of the game. Instead insult me back or say something mroe stupid. Crap, if u wont play us stfu.

Uhh... MOST of us arguing with you have NEVER stated ANYTHING about being good in a game or not. Therefor we have nothing to back up. All we've been doing is disputing everything else you've been saying. We have no reason to play you, we don't WANT to play you, therefor we are not GOING to play you. You seem to want to prove yourself in a game... so I only have to wonder if you realize your being made a fool on the forums and this is your only recourse.

Actually, the differences between us and you, is that you're all brawn (and I use that VERY loosely) and no brain. This arguement goes far deeper than merely a video game. You (being the representative of the CW at the moment) and your little buddies have caused a helluva lot more trouble then you credit yourselves with. Why don't you skim through your forums and take a look at the abusive and repulsive posts you have made about this community. Unlike the Bible says, we're not going to "turn the other cheek", but we ARE going to point out the flaws in your insults like we already have done. Perhaps you'd like me to define where you have been "idiots"

---

and "morons", because you fall under both categories, and those "insults" are backed up with proof and are as much a label for you as you label yourself "x50c3nt".

You seriously have no clue wtf you talkin bout. ALI you lookin for is to prove everyone how right you are. And you stupid ignorant moron, i never said someone stated they better than us. I said you all talk crap on a fuckin game, but you dont want to back it up. So stfu warranto. "most of us arguing" THATS WTF AM TALKIN BOUT YOU STUPID MORON. Why argue? Why not play the game - crap u stupid fucks take it as if we killed a family member or something. And "disputing everything else we've said"? WTF ARE YOU TALKING ABOUT. Theres nothing to dispute in a challenge, especially in a fuckin online video game you pathetic losers. Crap u take the stupid grudge so fuckin seriously that its not sad. And "nothing to back up"? OMG you stupid asshoels have insulted us also, Crimson even admitted it. Why insult when u can play the game? Thats what i dont nderstand bout u morons. You rather talk sooo much shit and try and prove us wrong (like warranto is doing) instead of playin the fuckin game. "Only recourse"? STFU YOU STUPID MORON. Crap, wtf u mean only recourse? What? I rather play the game instead of bickering over it so thats my only recourse? To play the game? OMG WARRANTO STFU U HAVE NO CLUE WTF U SAYIN.

Now again with Javs stupid "inults". Crap FACE THE POINT YOU ASSHOLES WONT PLAY US. Abusive? What u lose sleep over our insults? If you take anything a online person says outside ure computer desk, then ure pathetic. Jav that post just made it seem as if this is real life and we're in danger of our lives, u seriously must have no life Jav. "Flaws in our insullts" wow ure stupid, we have stated we dont to do this. We want to play the god damn game, but all u wanna do is sit in these forums and point out our flaws? OMG u jsut proved my point yet again dumbass. Crap you see, both of you just resorted to crap we say on forums instead of the game. Warranto talkin bout disputing crap and shit we've said, and Jav sayin u fools going to point out our flaws. IceSword7And again you idiots think that we are losing the "battle of wits" because you think that we dont type well

Ohhh really ....

Icesword7Lmao we all knew that know one would play us unlike you they know what they would be up against

Oops, looks like the Microsoft Word spellchecker missed those two. Nice job there fuckstick. We don't think that you don't type well, we all KNOW it.

Now honestly, how the fuck do you idiots expect to get a game by talking shit? I don't think anybody will honor your request when you go talking shit to people. I don't think you should get a match at all until you and your friends learn some manners and how to talk right. Speaking of witch, x50c3nt really could use some people skills. See, when you use cuss words and calling people dumb because you don't agree with them as half of your posts, it tends to make you look quite sad and stupid yourself. You and your n00b crew of 12 year-old are all pretty clueless it would seem. Not only do you lack the ability to learn, but you continue to repeat the same things time after time. Such as "PLAY ME 1 ON 1, U SUCK" and "U R DUMB COAWARDS" or "WE OWN YOU ALL, ALL YOUR BASE ARE BELONG TO US BECAUSE WE = CLANWARS" Oh

IceSword7But we have the fact that your all 30+ years old losers still playing a video game who would rather come on a n00bie message bored and argue with people half there age instead of play the game.

HELLO DUMBASS? YOUR BRAIN WORKING TODAY? HOW MANY TIMES DO WE HAVE TO SAY WE ARE NOT 30. I KNOW ITS HARD FOR YOU TO COMPREHEND AND WE HAVE TO REPEAT IT EVERY SINGLE PAGE OF THIS POST, BUT TRY AND LEARN FOR THE LOVE OF GOD. I KNOW ITS A HRD CONCEPT FOR YOU AND YOUR FRIENDS TO LEARN. Now, for the last time, I am 18, Aircraftkiller is 19 and Java is just as old is us, NOT FUCKING 30 YOU

much and gave you permanent brain trauma that prevents you from learning.

In summary, you are not hot shit, get over yourselves. And you will never get a match if you continue to post without using that tiny organ in your head called a "b-r-a-i-n." Please use it next time and maybe we wont have to spend have our posts teaching you.

I have no idea what I'm talking about huh? Delusion at it's finest as obviously you had no idea what I was talking about. I have no need to try and prove myself right, as you've done that for me.

Quote:i never said someone stated they better than us.

And niether did I. What I said was that you are talking about how we're unable to back up what we say... and resort to a 1v1 or 3v3 or whatever challange. To reiterate what I said, "MOST of us arguing with you have NEVER stated ANYTHING about being good in a game or not. Therefor we have nothing to back up." Once again we never stated anything about being good in a game or not, so how do we prove what we never said through a CW vs Community (in any amount) game?

But once again, this will probably go way over your head.

Quote:"most of us arguing" THATS WTF AM TALKIN BOUT YOU STUPID MORON. Why argue?

Why don't you take your own advice you hypocrite. You started the argument, and you and IceSword continue it... way beyond it's required life span.

Quote:"nothing to back up"? OMG you stupid asshoels have insulted us also, Crimson even admitted it.

Since when has backing up what we say in a forum, when it has nothing to do with our skill at the game, require us to play the game to support what we say.

Quote:You rather talk sooo much shit and try and prove us wrong (like warranto is doing) instead of playin the fuckin game. "Only recourse"? STFU YOU STUPID MORON. Crap, wtf u mean only recourse? What? I rather play the game instead of bickering over it so thats my only recourse? To play the game? OMG WARRANTO STFU U HAVE NO CLUE WTF U SAYIN.

Other than stating the obvious lack of english education, I'm simply going to state that you continuously get proved wrong by many people here, and instead of showing even the slightest bit of intelligence in a counter post, you resort to "1v1 n00b"

Here's a hint as to what recourse means: "One that is turned or applied to for aid or security"

You always turn to the game for aid when your losing an argument. As roven in my previous paragraph. You have nothing intelligent to counter with so you resort to "1v1 to back up what you say"

Quote:Crap you see, both of you just resorted to crap we say on forums instead of the game. Warranto talkin bout disputing crap and shit we've said,

Why even bring this up?? It's highly relevant to this topic. Just because you have othing intelligent to respond about, you try to get people to think that it's irrelevant? Oh, yes.. and the world revolves around you as well... :rolleyes:

And seeing as you probably will mention someing about that last statement, I'll explain it. You continually try to bend the argument to your favor (well, both you and IceSword) by ignoring what people say, ignoring the facts, and trying to disprove the relevance of what is said in these forums by you and they're applicability to the game and initial challange.

x50c3ntFar beyond video game? Do you listen to yourself? OMFG if its "far beyond" a video game then you really must get out more jav. OMFG its a game.

LOL, it indeed has gone far beyond a videogame. Correct me if I'm wrong, but it is ILLEGAL to violate and exploit a picture of someone unwillingly on the internet. Whether you want to accept it or not, if Crimson or Blazer wants to press charges against the fucktards of YOUR community, then yes, it IS beyond a videogame.

Quote:And i dont deny insulting any of you, or causing trouble. I dont give a fuck. Its a fucking game.

Yes, thats right. It IS a videogame. And you're a moron, (and yes, that statement is backed up with a proof you can look up on <http://www.dictionary.com> if you want)

Quote:And warranto stfu. You seriously have no clue wtf you talkin bout. ALL you lookin for is to prove everyone how right you are. And you stupid ignorant moron,

Kid, he has a clearer view of this situation than you do. Calling him an "ignorant moron" is also unprofound, because he is NOT ignorant with anything he says, nor is he a foolish person or dunce.

Quote: i never said someone stated they better than us. I said you all talk crap on a fuckin game, but you dont want to back it up. So stfu warranto. "most of us arguing" THATS WTF AM TALKIN BOUT YOU STUPID MORON. Why argue? Why not play the game

There is a difference when you partake in offensive online stance against a person; in this case, Crimson and Blazer. Again, whether you want to believe it or not, your forums have undergone ILLEGAL actions against a person or persons.

Quote:crap u stupid fucks take it as if we killed a family member or something.

The law is the law no matter which may you try and distort it kiddo.

Quote:And "disputing everything else we've said"? WTF ARE YOU TALKING ABOUT Theres nothing to dispute in a challenge, especially in a fuckin online video game you pathetic losers.

LOL, how can we be "losers" if no game has been played. Moreso, you still cannot prove your "point" that we are all n00bs because there have been some of us which have ACCEPTED your challenge.

Quote:Crap u take the stupid grudge so fuckin seriously that its not sad. And "nothing to back up"? OMG you stupid asshoels have insulted us also,

There is a difference between blinding insulting someone and using the most leaned word to describe someone's actions or attitude. You ARE an idiot, because you ARE ignorant. You ARE a moron, because you ARE being foolish. Just because I'm using stronger words doesn't make it an insult with no meaning.

Quote:Why insult when u can play the game? Thats what i dont nderstand bout u morons.

LMAO, the irony.

Quote: You rather talk sooo much shit and try and prove us wrong (like warranto is doing) instead of playin the fuckin game.

We haven't proven you wrong, and you haven't proven yourselves "right". You can only "prove" yourself right when/if you win a game which hsan't been played yet. Refer to the "we hold the strings and you don't" theorm.

Quote: "Only recourse"? STFU YOU STUPID MORON. Crap, wtf u mean only recourse? What? I rather play the game instead of bickering over it so thats my only recourse? To play the game? OMG WARRANTO STFU U HAVE NO CLUE WTF U SAYIN.

Then stop replying, you contridictory idiot.

Quote: Now again with Javs stupid "inults". Crap FACE THE POINT YOU ASSHOLES WONT PLAY US. Abusive? What u lose sleep over our insults? If you take anything a online person says outside ure computer desk, then ure pathetic. Jav that post just made it seem as if this is real life and we're in danger of our lives, u seriously must have no life Jav. "Flaws in our insultts" wow ure stupid, we have stated we dont to do this. You just everything i said in post before. Thx alot morons u proved my point again. Crap your all pathetic.

For a minute there, I thought you were catching on. Then you posted this drivell. The contridictions, the lack of SIMPLE thinking, the blantant idiocy... You are truely the portrayle of a child with quite a bit of spare time. Maybe you haven't understood it yet, but when I'm insulting you, it is BASED on something which can be backed up with PROOF. When you insult us, you lack ALL of your PROOF. Why in the world is this so hard for you to comprehend?![/i]

I posted the link before, but I'll do it again, just for your benifit...

<http://www.onlineharassment.com/photos.htm>

the posting of the picture can fall under one or more of the thee following categories:

#### Invasion of Privacy

This may apply if the subject of the photo is portrayed falsely and/or in an offensive manner. It is also considered an invasion of privacy if the photograph was taken while the subject was in a situation where privacy was expected, i.e., the photographer took the photo while peeping through a bedroom window. Photos taken in a public place or at a gathering or event where the public is invited, generally does not constitute invasion of privacy.

#### Right of Publicity

This can occur when a photo is used on a commercial website. The unauthorized use of a photograph on web site that is selling a product or service would probably violate an individual's right of publicity as it may appear that the subject is endorsing the product or service.

#### Defamation

Generally, this is when a photo is used to injure the subject's reputation. For example, if a photo is altered so that the subject's head appears on the body of a naked person or it is made to appear that the person is falsely engaged in illicit, illegal or inappropriate acts that would cause people to think less of him/her.

Eh, actually it is true that if you take something someone told you online outside your computer desk then you really need to go out. This is not about me or anyone else - like i said before - getting caught by the web-police, this is about a game none of you want to play because "50 and Icesword were mean". I mean, come on; "pressing charges" over a picture is just sad, I'm not 8 years old, I know nobody from the NYPD's going to come knocking on my door and arrest me over an "online abuse".

I haven't posted in this thread as much as anyone else here because this is totally pointless, you people act as if this is real life, guess what? It's about fucking online game called "C&C Renegade" Not about how someone types. I don't even know why I'm writing this... after being threatened to be "shot" with an AK-47 my point that you all are just a bunch of immature adults, was proven.

LOL, That's funny AND true in my case, but the point is that nobody from the NYPD bothers to arrest people because of that unless the person pressing charges pays some hundred dollars to the proper officer. Personally, I don't think you people can go THAT low (don't get me wrong here, you CAN go that low but you wouldn't) as to waste money in a useless manner, since you don't have a clue where to find me.

warrantoxC4pRoXEh, actually it is true that if you take something someone told you online outside your computer desk then you really need to go out. This is not about me or anyone else - like i said before - getting caught by the web-police, this is about a game none of you want to play because "50 and Icesword were mean". I mean, come on; "pressing charges" over a picture is just sad, I'm not 8 years old, I know nobody from the NYPD's going to come knocking on my door and arrest me over an "online abuse".

I haven't posted in this thread as much as anyone else here because this is totally pointless, you

---

people act as if this is real life, guess what? It's about fucking online game called "C&C Renegade" Not about how someone types. I don't even know why I'm writing this... after being threatened to be "shot" with an AK-47 my point that you all are just a bunch of immature adults, was proven.

It's up to the owner of the picture to press charges... I'm just stating what the law is.. simply because you don't agree with it doesn't make it legal.

ALL of us are immature adults because of what ONE person said??? Wow, since you seem do be defending CW, I guess we can call you an immature illiterate child using your logic...

No, actually I'm using the exact same logic YOU would use if the world flipped around and you were in CW's position, challenging a community that will NOT play you, and in between the exchange of words, AirCraftKiller told you he was going to shoot you with an AK-47. Seeing as you think this is real life, let's put it this way:

Inside Warranto's head:

Since you're going against almighty AirCraftKiller who is hailed by everyone in the "community", you would think he reflects the thoughts of 99% of the people that suck his dick day in and day out, so if he is one of the "leaders" of the "community" then, if he's immature then everyone should be immature.

Both me and you KNOW what I just wrote is true, but since you're more "respectable" then when you deny it everyone should believe you and there's no problem.

xC4pRoXIn this case, my hypothesis sounds pretty appropriate since he's assuming I'm an "immature illiterate child using my logic" just because Icesword and 50 are "immature" :rolleyes: .

Actually, the childish namecalling IS immature. All (possibly most, I'm not reading 12 pages of text) of their insults are based on nothing but anger and frustration. That IS immature. What else is immature? The way they act on the CW forums, which has a world of proof to back it up. I just have to look on the first page to see it.

You're trying to reuse a logic that doesn't exist. Warranto stated that since x50c3nt is claiming that we are immature because Aircraftkiller said that he had an AK-47, (note that he did not THREATEN anyone) that he can make a similar statement toward you. Maybe you need to re-read Aircraftkiller's post, x50c3nt. You cannot use that same logic in a hypothetical situation, let alone make a hypothesis off it.

xC4pRoXQuote:Defamation

Generally, this is when a photo is used to injure the subject's reputation. For example, if a photo is altered so that the subject's head appears on the body of a naked person or it is made to appear that the person is falsely engaged in illicit, illegal or inappropriate acts that would cause people to think less of him/her.

LOL, That's funny AND true in my case, but the point is that nobody from the NYPD bothers to arrest people because of that unless the person pressing charges pays some hundred dollars to the proper officer. Personally, I don't think you people can go THAT low (don't get me wrong here,

you CAN go that low but you wouldn't) as to waste money in a useless manner, since you don't have a clue where to find me.

You're almost right for once this time. Once because the NYPD is a police force, for the city of New York. The FBI (actually homeland security) takes care of stuff like that. No, its not big, and the police are not going to arrest you and violate you with a full body cavity going in all the way hard search that you so evidently deserve for your stupidity. However, you can be taken to court over it, and you will loose. Although I don't think anybody cares to waste time on you, and the fact that you probably don't have any money to begin with.

Now, as was said before, GO TO SCHOOL IDIOT. You need it, and shave that little Punky Brewster looking' wannabe mustache (assuming you have learned how to shave) you thug lookin' wannabe poser. Get a life.

I don't even know if you have a point, but mine is most of you people are immature, take you for example, I haven't made ONE insult in my last 4 posts unless you want to take "you people make me sick" as an insult. I haven't insulted anyone in a long time and what do you do? call me a poser? a wannabe? LOL, you make me laugh, making fun of the way I looked 2 years ago when you won't even post a picture of yourself? RIDICULOUS.

Me and Javaxcx were having a nice little mature conversation (100% insult-free) and you come here to insult a "little kid"? You're the third immature adult in these forums I find.

warrantoI have no idea what I'm talking about huh? Delusion at it's finest as obviously you had no idea what I was talking about. I have no need to try and prove myself right, as you've done that for me.

Quote:i never said someone stated they better than us.

And niether did I. What I said was that you are talking about how we're unable to back up what we say... and resort to a 1v1 or 3v3 or whatever challenge. To reiterate what I said, "MOST of us arguing with you have NEVER stated ANYTHING about being good in a game or not. Therefor we have nothing to back up." Once again we never stated anything about being good in a game or not, so how do we prove what we never said through a CW vs Community (in any amount) game? But once again, this will probably go way over your head.

Quote:"most of us arguing" THATS WTF AM TALKIN BOUT YOU STUPID MORON. Why argue?

Why don't you take your own advice you hypocrite. You started the argument, and you and IceSword continue it... way beyond it's required life span.

Quote:"nothing to back up"? OMG you stupid asshoels have insulted us also, Crimson even admitted it.

Since when has backing up what we say in a forum, when it has nothing to do with our skill at the game, require us to play the game to support what we say.

Quote:You rather talk sooo much shit and try and prove us wrong (like warranto is doing) instead of playin the fuckin game. "Only recourse"? STFU YOU STUPID MORON. Crap, wtf u mean only recourse? What? I rather play the game instead of bickering over it so thats my only recourse? To play the game? OMG WARRANTO STFU U HAVE NO CLUE WTF U SAYIN.

Other than stating the obvious lack of english education, I'm simply going to state that you continuously get proved wrong by many people here, and instead of showing even the slightest bit of intelligence in a counter post, you resort to "1v1 n00b"

Here's a hint as to what recourse means: "One that is turned or applied to for aid or security"

You always turn to the game for aid when your losing an argument. As roven in my previous

paragraph. You have nothing intelligent to counter with so you resort to "1v1 to back up what you say"

Quote:Crap you see, both of you just resorted to crap we say on forums instead of the game.  
Warranto talkin bout disputing crap and shit we've said,

Why even bring this up?? It's highly relevant to this topic. Just because you have othing intelligent to respond about, you try to get people to think that it's irrelevant? Oh, yes.. and the world revolves around you as well... :rolleyes:

And seeing as you probably will mention someing about that last statement, I'll explain it. You continually try to bend the argument to your favor (well, both you and IceSword) by ignoring what people say, ignoring the facts, and trying to disprove the relevance of what is said in these forums by you and they're applicability to the game and initial challenge.

WHY DO WE KEEP BRINGING UP CHALLENGES? BECAUSE WE WANT TO PLAY INSTEAD OF SIT HERE AND ARGUE, HOW STUPID ARE YOU?

This is gay im only reading small threads here now im out

I went to this concert at the theatre the other day, it was pretty amazing... everyone was having so much fun, standing up and applauding the singers. Erm, I know that some of you might find this sickeningly sentimental but it got me thinking about how everyone was united in their enjoyment of the music, and how it seemed kinda sad that we were all gonna go back to our lives afterwards and start bickering with the people we don't like again. Maybe we should all try to chill out and just concentrate on having fun? Y'know, try to just tolerate the people that piss us off... they might not be that bad once we get to know them. I dunno, it's just a thought. Feel free to tell me to shut up or whatever

You call all of the community a bunch of immature adults based off of one persons statement, then try to turn it around that thats the same logic I would use??? Help me, I'm lost here.. As far as I know, I've recieved a better education than you, so I know that I would do no such thing.

As for that "whats going on in warranto's head" thing... all you did was restate your line of thinking... I never even stated once that if ACK's immature, than everyones immature... please show me where I posted that. Besides, in any situation the words and actions of a leader do not represent the words and actions of the rest of the community... unless the majority of the

community has elected him democratically.

Other than that, your doing some dodging yourself, trying to avoid what I said by attempting to turn it around on me... sorry, it didn't work.

IceSword7 WHY DO WE KEEP BRINGING UP CHALLENGES? BECAUSE WE WANT TO PLAY INSTEAD OF SIT HERE AND ARGUE, HOW STUPID ARE YOU?

You got your answer to the challange a long time ago... yet your still here, and still arguing. Since you brought it up first, it's only fair that I ask you the same question... how stupid are you?

It might be easy for you to ignore the rampant idiocy on the CW forums because you're a commoner there (as far as I've heard), but when that idiocy is brought HERE, along with the

hundreds of posts of "OMFG U FAG 1v1 2v2 FAGvFAG" then you have to understand, people like myself and Warranto aren't going to sit here idly while some very stupid children think they have the biggest penises in the universe.

I think Crimson is doing the right thing by leaving this thread open. I still can't believe that these kids aren't responding to logic, it seriously boggles the mind. This is more or less an in depth look into the psyche of single-minded teenagers -- I know I find this unbelievably interesting on how someone can be corrected over the length of 12 pages and STILL not get it.

Thats right. I haven't been HERE for nearly as long as two years. I have been in other communities, and I have been saying "wh33" way back in the Planetarion days -- which was probably a good few months before I came here. That would mean I didn't know Sukhoi (unless somehow he was in the Planetarion community while I was there) and did not "rip" anything from him.

Oh My God.

And let me guess, your ego is so bloated that you cant realize we only kick the n00bs who make themselves a problem. Like chronojam for instance. Besides, why the fuck should we care who the fuck we ban. Until get a T3 or T1 line and host your own fucking server your

queries/comments are invalid. Its our server and we run it however the fuck we please. If it involves baning fucktards like you, so be it.

You specifically should have nothing to say about how to run a server because all you do is run around pretending to be cool and attempting to put down other people's clan and servers. Look at your few last posts. Notice that you are being a complete dickhead. NOW if you ran a 20 man server would you tolerate dickheads, forum tards and script kiddies? I should think not. I'd say its no wonder nobody likes you, fucking n00b tard. You're no better than the morons who suckle at your tit.

No you kick people who kill you, who have more points then, And people who are better then you.

And I have the right to put down you your clan and your server because I am better then you and your clan and i can run a better (non dedicated server)

Yes unlike you i let people talk in my server and i dont kick them for no reason. If somone insults me i dont kick them right away, instead i own them and make them look stupid.

Of corse i wouldkick the people that cheat, Thats normal

And what the hell is your obsession with chronoJam. Just because he owns you every time he joins your server now you never stop talking about him. Your fucking pathetic n00b. Learn how to play the game when you get some skill come back and then you can say shit about me fag.

I think this image explains quite well what has happend here.

The blatant idiocy of these people is just too much to bear sometimes, other times it makes for a good laugh, that and c4prox picture. In the time you people have spent arguing here, you could have made sever challenges to people, played them, and had rematches for each one when you lost to them, and STILL have time to spare. Not to mention all this thinking has probably indefinitely damaged your feeble little minds.

Oh, dejavu.

Taskbot1's portrayal as one of you people was quite accurate, although I don't think he had enough insulting words to quite make it there, but close none the less. Quit spamming the same

WASTE OF TIME AND ENERGY.
