I saw this thread before he edited and changed it all too ...

He said he didn't want to see any "oldbie threads" around here, asking for anyone (on the old forums) under member #3500 to post on it. I'm pretty sure he said something to the effect of it's a n00b thing to do or it's immature, but then again, I'm probably wrong.

...I don't see why he made the topic in the first place, and I also don't see when he edited it all out.

Now thats a sensible use of pictures in a sinature there are just some weird crazy signatures...

We need rules on images in signatures then maybe images will be allowed elsewhere aswell.
