Learn to spell...

Yes he has taken maps from Westwood but these were maps that were un-finished due to Westwood neglect and he finished them to a very high standard...

He also designed many maps himself.

Quote:ACK is a dirty slob who stole I mean it STOLE THE CNC map he made westwood

All I'm going to say is that I want to see this proof that ACK stole any maps from westwood. Provide this and I think you'll have quite a few people who will agree with the rest of what you say. You provide the proof and I'll even agree with you.

Quote: you suck at modding you stole all your shit

Provide proof of this and I won't just agree with you, I'll join you in your attempt to oust ACK.

Dude, are you fucking stupid in the head? Every single piece of your arguement is hypocritical, and (whatever coherency you attempted to put into it) you have added no proof into your arguements. You're running around yelling your fucking small insignificant opinions around like you own the place, when in fact, you own nothing. You are small, just like your ego, and your opinions.
