quote:Originally posted by Renegade10:I did it to an enemy tank on multi. I was on a edge and when he was right below me I jump onto the humvee and planted the nuke beacon on the top and I jump right off. I then hide behind some rocks and followed him to his base and then he drove his humvee into the inside of his Heavy Weapons Factory and the nuke went off and destroyed the Factory the Humvee and the guy. I got big money for the one.You sir, are a liar
