I was in a game earlier today, the n00b host accused me of stealing his veh. I said no, it is not yours, there is 30 sec lock out if it was yours. Apparently that was too hard for him to understand so he booted me (first time ever for me, I was mad). What is worse, his n00b friend was there and encourage him to boot me, 2 losers. Here is the list of the suspects, if you see this I hope you realize the error of your ways and I will see to it that you get what is coming to you
