Ok this is what you need to do. Get an engie and a solder, and then cover him with remote c4. e.g. <http://members.cox.net/ahsan/c4a.jpg> and back: <http://members.cox.net/ahsan/cba.jpg> Now escort him to the enemy building and when he gets close to the mct. Detonate the remote c4. if you put 30 mines on him it's a garrenteed destroy of the buliding.
