cool, we are on the same page then. I meant no offense and neither did you. The game is complex and thats the attraction of it all.P.S. would it not own if there was a TAB option that listed your team and thier current char/vehicle/location... you could then dedicate one member of the team to oversee strategy or if there is little or no teamply you could balance your own side without having to rely on n00bs actually replying to you.. think I'll thread this in General
