Andre gj regardless if its released It isn't nice. The texturing makes no sense. Desert
mountains do not border water in that fashion. The entire map is based around the Westwood
type of water... And that's all it is. The rest of the map is horrible and very reminiscent of AllGusto
quality... Which is quantity that never gets released.You're the only one that thinks it sucks. I think
that tells you something.Yeah, it does. It tells me that the rest of the people here who back him
and his "I don't release anything, I'm just an attention ***** who steals and lies!" background are
fools and cannot see a map for what it is.
