quote:Originally posted by OOM-9:I'd say we'd need a lot less n00b llamas if there's goingg to be any Engineer's willing to sacrifice their creds to help the team instead of trying to kill the enemy with their repair guns hahahaahaha...that is the funniestThe best thing that has ever happened to me was when i was GDI and i stole a flame tank that had at least 3 Engineers healing it. So i was messing around killing Nod, while the dumb asses on the other team were healing me. I ended up acidentally killing them though. Man, that is the greatest.
