Subject: mod tools bug fixes (IMPORTANT update)
Posted by laeubi on Tue, 13 Jul 2004 23:02:25 GMT

jonwilthe bug "Tooltips for buttons under the preset tree window are wrong" is fixable but it would take so much effort without source code (finding space to insert the new tooltip strings and then adding the right code) that its not worth it.
Erm... I rember a tool i have on my PC wat was able to edit strings in those files, I once wanted to make a 'german' LE version, what captions are wrong I'll chekc if its possible to edit this with the tool.
