Thats my oppinion and my choice, just like "It's no wonder Reborn failed." is yours. How i judge a mod is my own business. I only say what i think. I have played thru lots of mods with good or bad content. That doesnt mean they are not fun.

Oh, and i dont really "let them think that their opinion actually matters". I believe that everybody`s opinion matters, including yours, god`s, my grandmother`s and so on. Am i trying to play some mind tricks? Nope.

And as for the pathetic try to mimic my thoughts with "well it's Red Alert so that means TS roxxorz it", i can assure you that my level of intelligence is far above that. Go figure...
