Subject: The un-official Ren Alert intro movie
Posted by icedog90 on Sat, 31 Jul 2004 08:01:15 GMT

NHJ BV{DG}Stryderkaboomer23ssptweekAlkalinezunnieIm not gonna register to yet another site just so i can download their shit.

But I did anyway. Which follows installing some random program that probably contains spyware just to view the movie.

The movie was OK, but I suggest you learn how to change your resolution before you use Fraps 1.9, otherwise half of your screen is cut off and it looks like shit.
