mahkraNodbuggerThere is no way you cannot justify taking out Saddam.
Hmmm. The UN, in their infinite wisdom, somehow saw things differently...

EDIT: People want to say that this Iraq thing is like WWII. (I think that's total BS though...) But instead let's look at WWI. Germany was crushed, but the situation wasn't handled properly, and it led to Hitler's Nazi Germany. Destroying Iraq and getting rid of Saddam might just lead to something even worse.

the UN never voted on it. and France was the only country voting 'no' that actually mattered.
