LaeubiWill the post be added to an new baord like 'Old Mod topics' ???

Because I fear it becomes a bit confusing when the old and ne contents will be merged together.

And I fear even if the Mod forum is implemeted the people will ask the same old questions instead of using search

Anyways I vote for only Modforum.

Yeah, If you'll go up and read this time, that was already answered...

Sir PhoenixxSo you're going to create an archive forum to put these posts in? (like "Archived: Mod Forum"? )

BlazerNo, they will be merged into the current mod forum, with their orig. dates. So basically more pages of old posts will appear.

Sir PhoenixxOh, so they will be added before the current posts and not knock them back a thousand pages? Alrighty then!
