XCC mixer does not work on any of my computers anymore. I get "Not responding" imidiately when i open the program. I need a texture not included in the ren tex pack.

I need this texture:
http://n00bstories.com/image.fetch.php?id=1425471091

If there is a fan made texture pack with textures not included by westwood, please direct me to it.

Also, anybody got textures from Generals?
