spoonyratI've just become aware that Zonekill9 is in -ToW-....

well, that changes things a little, doesn't it? :rolleyes:

What do you mean ? I was never really in that clan. Why ? Because the leader is dumb. He can't even write correctly. He's just a moron pretending to be better than anyone because he's using final renegade....

How'd i knew it ? I build a mammy, suddently POOF! It blowed up. He killed me (JvxsTOW is the leader). I replied with a WTF ! and he said he'd put a C4 on me.... LOL WTF.

And i can't get out of it, since for a reason or another, the Clan page sends me to the <http://www.westwood.com> site, and it says an error blah blah blah.
