You see, i have no care for what a n00b like yourself has to say. As for killing myself, not gonna happen im not gonna take the easy way out ever, epecially because of waht some fucktard that lives a thousand miles away says.

I think by telling me all of that, your only confessing things taht you feel and do, are you reaching out for help young man??

You just took this topic completly off course from polotics, to urging me to die and commit anal sex acts, thats kinda funny.

Everyone does not feel that way about me, im sure quite a few hate me, because i am a cockey ego drivin son bitch and i know it. But i am not a little bitch and will back down or give out people as someone of your character would. I may call people assholes and such, but i would never tell someone to do something like kill them selves, thats just wrong and out of line. If you respect me, i respect you and will be one of the nicest person you could ever know, if you dis respect me and think your gonna get by with calling me a name , i'll be the meanist son of a bitch in the world.

May god have mercy on your soal after what you just said.

P.S: nub, n00b, noob all same thing, your a moron just for pointing that out. :rolleyes:
