Sorry, fellah's.. I'm taken. Aircraftkiller, I don't even know if I should respond to your blind assumptions but I will anyway. First of all I don't ask or act like I need any kind of special attention. I can't stop the way people are reacting to my post. Secondly, I got no idea who, Lynne is, and if you can determine who someone is just by the way they type, you should go work for the FBI and catch cyber criminals. Because, not even the FBI knows how to do that.

Though, there are some people who are easy to spot by the way they type but it's usually because they make the same kinds of error's and have a limited vocabulary so in some instances you can. I'm not here to cause any trouble with anyone. Just trying to get to know everyone and chat a little. If that bother's people.. Then I'm not sorry.
