It's the only picture I have right now. it was taken during the soundcheck in a local bar where we had to play with my band. We had someone who took some pictures during the "show" but they didn't look cool. it's hard to take pictures while you're standing in a mosh pit

ohh, btw, that bass amplifier is NOT MINE. It was from an other band. But I had to play on their's. But that bass guitar is mine. I play on a spector Ns 2000 Q4. and I have a SWR black beauty bass combo plus a Golliath 3. so I have enough horse power.
