Subject: Need some help, with a renalert "mod".
Posted by Naamloos on Sat, 28 Aug 2004 20:32:12 GMT

I may end up trying that for renalert, but then i would need to add maps and stuff.

It's only an objects.ddb now, i was more thinking of server sided stuff... (host)

So that everyone can join without downloading it. (we don't wan't people to cheat now do we   )
