Probably because you never leave the house, Dan...

Maybe you should take things less seriously and laugh with us...

It's an analogy, dumbass... Comparing the action of Reborn starting this little "Internet war" to someone coming up who punches you to take your money.

In both situations I defend myself, because only a fool like you lets themselves get pushed around. I don't even know why you're bothering to make a comment like "you feel insulted by test on a forum" because I've seen your dumb self get worked up to the extreme of trying to take our domain names, along with the countless arguments you've gotten into while preaching peace at the same time. Hypocrite? Naahhh...
