Hey,
can anyone post some positions & ids for some DM maps made for renegade so that they can work on the CTF mod by black-cell?

I have some in mind:
Prision Camp
Kane's Castle
Carnage Club
Duel Arena
Islands_Koth
Titanic
Beach
huanted2
Storage
Nod temple
Hand DM
COnyard DM
e.t.c.

this would be really cool if someone could get it to work.
