Subject: Renegade Server Wrapper
Posted by EkkoTheGekko on Thu, 07 Oct 2004 19:45:07 GMT

I run a renegade server on a Debian 2.4 server. The wrapper works ok
Now i'm trying to install the SSAOW patch, but it doesn't work yet...
I followed instructions on at this post:
http://www.renegadeforums.com/viewtopic.php?t=8464

The binary patch seems to work.
Maybe u have any suggestions?
