Yeah, I do enjoy making such pictures and I'm not going to deny it, but you're wrong.

If I'd be "remotly on his side" like you wrote, I'd be mostly agreeing with him all the time, which is like, totally wrong. I don't think that you're a dumbass or a forum troll, you'd be right if you wrote that I'm remotly on his side when it comes to things like Reborn, tho (AND RENARDIN),
