Subject: RC3 !next map problem
Posted by zunnie on Mon, 29 Nov 2004 13:56:28 GMT

If you change the server maprotation you must !rehash brenbot configuration files on irc.
If that dont work, you will need to restart the bot.
You cant change the svrcfg_cnc.ini without either rehashing or restarting the bot for the changes
to take effect.
