Renardin6AircraftkillerI don't care if the dictionary calls it that. For years, since before the 1970s, flamers have been known as homosexuals.

Aircraftkiller's coming out ! So you are one... Jesus...

Well it makes sense now.

That was some mighty twisting of the words there. When you twist others' words around, try NOT quoting them as it's easy to see how horribly you did it. He mentioned absolutely nothing about coming out and never hinted at being a homosexual.
