Okay, i'm stuck on a part in the "Our Benefactors" chaptor. I know there's some helpful guys around, so i'm asking here.

Possible spoilers in this thread, so be aware.

I've just been inside the human pod and carted around the complex. I've come to the end of the line, dropped down, lost all the weapons, and now have the new gravity gun.

I've walked around the walkways, killing all 10 or so infantry there. I've now found this generator looking thing (as seen in this screenshot).

In that screenshot, there's a damn barrier fence, preventing me from going down there, and i can't even jump over the silly thing. I can throw objects into the generator beam, but they just evaporate and doesn't seem to effect anything.

There are four energy barriers blocking my way in the area, one in the screenshot, one near where this screenshot was taken, one where i dropped down in the human pod, and another down the corridor from where i dropped down.

I could do with some hints, i've spent nearly 2 hours around that area trying to figure it out for myself.
