Snipers who sit there zoomed all the time suck, for several reasons, in my opinion. I only zoom when I'm ready to make a shot, and even then I don't always do it. So for me, it wouldn't make much of a difference. Zooming in, by itself, limits how much you see. I'm a spaz and like to be aware of everything, so I'm always looking everywhere, up, down, behind, left, right, etc...
