Because people say I can't use them and therefore I must suck when saying they're unbalanced. That was the pits server before msgtpain had a hernia and decided to ban me based on "known cheater," and public servers are not always filled with n00bs... Stop making excuses to try and pretend you're a great player. I don't see your proof, and if you expect me to join a "1v1" game to prove it, think again.
