Cow, I don't know where to start with that. You have blown me away with your ignorance.

WOW

OK first of all, do you have any concept of the wrld outside America? Because you are sounding like a Redneck who has lived his life in one tiny village their whole life.

Black people are different in the UK. They DON'T go slinging around "Oh dat broda is a cuz" and "n____r"* everywhere they can.

This happened to them because they were dark-skinned, Muslim and they probably live in an area like Brixton. I fall under none of those categories, therefore this would never have happened to me?

Let me ask you something. Those four were released today, because they were promised not to be a threat to national security. They were not charged with anything when they were arrested, taken to Cuba or when they returned to London. So what were they arrested for? How the fuck did the police pick these people out of the 60 million living in GB? Why didn't they arrest a white person? White people can be terrorists too. Ever hear of IRA? KKK?

(You see, this is what im talking about. The N word is blocked, because god forbid anyone say it but them calling each other it.)

That I agree with. The only reason I censored it was because whiners would come, call me a n00b and a racist and try to piss all over me.

But that is OT.
