I like Patch, headshots rule with him. On NOD, Ravenshaw is my man. If Mr. Havoc doesn't HS me, he is usually toast.

As far as the pistol discussion, My skills are average and it has never kept me from winning. Ability to mine, defend, coupled with teamwork and just being plain smart is the advantage. I have had some of the best inf players run right by me while I'm hiding behind a rock, wall, or corner, right before i walk into their building and take it out with my Tech or Hottie. Doh!
