NodbuggerOnline console games did have a lot to do with it. People say owned at my school now. I can't say it isn't totally my fault either.

lol, i had been saying it at school for a while just to get laughs out of my nerdier freinds, but seriously its bs becasue i hear them say it, i call them a faggot and then they come back at me with this "You are a n00b im leet , you know nothing about video gaming you n00b" I reply with this that usually shuts them up "I play video games 8 - 10 hours a day, and not gay console games , i play games with millions of other people with skill, and play in leauges, you wouldn't know anything about CAL-I would you?" "Uhh whats cal?"
