The only alpha blending tutorials there(on renhelp) go with vertex paint, but that's not what i wan't.

<http://www.n00bstories.com/image.fetch.php?id=1231948421>

I wan't the 2 textures to "merge" so that i still have 2 terrain types. Something vertex paint can't do.

I suck at texturing so... I need help... :oops:
