I can't see this mentioned elsewhere so I have created a new topic. This God crate has ruined Renegade and I am sick of every game being ruined because you can't kill this stupid thing! According to a friend of mine, he said a HS would do it, but I got 4 HS's on this one guy and still nothing....

Now people who don't know me will say, your crap then, your a 56ker, your a n00b, your whatever.... Now, I have been playing this game since the beginning (apart from 6 months last year) and I play half on the AOW games and half on the sniper games and I am usually at the top of the sniper matches if not the top itself, so I can play Ren quite well before anyone starts off on that line.

My point is, I really really hate this god crate and is it possible to get rid of it because I love Ren and find it hard to put down (just like my beer) and do anything instead.

I see that Zunnie is doing a lot for Renguard now, me and Zunnie go a long way back in Ren and he will vouch that I am no n00b, dont know whether he would agree with me on this subject but I had to try and do summit....

Yours forever pissed off (till it goes)

Pip
