flyingfox I would also like to say it's laughable that this topic was started, because the creator doesn't like renalert at all and it was his intent to start this multi-way argument for his own enjoyment - notice he hasn't made a single post in it? it's not about passion for the renalert game, it's about not liking aircraftkiller and getting one over him in any way possible.

Goddamn... you're brilliant! It took you this long to figure that out?

Ack's a prick, and he bashes everyone, every chance he gets.. I pay my respects in return once in a while.

So sue me?
