I don't often have much of a reason to make new topics here but I felt I wanted to make one of this:

Exdeath7When I went on my break at work tonight I went over to this CD shop (CD Connection) and bought Breaking Benjamins - We are not alone to listen to. I have to say.... It's the best \$14.99 I have ever spent. I saw someone on another forum say they would have payed \$100 for the CD. I would too.

I was listening to it all night at work and I'm listening to it right now.

I found the website , You can listen to a few songs on it:
