First of all I had left the whole community when LoD was started up. So I don't know much about/or care for them.

However, I do know that Boomer is the biggest n00b EVER. Anything he says is complete bullshit. The things he does are just pathetic.

He's holding some grudge against me and my clan and will take ANY opportunity to try and show me up. I won't go into stories.

So judging by my bias of Boomer, LoD has to be somewhat retarded.
