deadfivel am mostly leaving because of this:

- 1) There is no respect in the forums
- 2) There is no trust in the forums
- 3) This is one fucked up community
- 4) This is not a community at all, just a flame fest
- 5) You all hate me, I hate all of you
- 6) Goodbye, and F off. (Except Glyde, and Sicko... and the administrators and anyone else who never flames me.)

couldn't resist? Go already, sheesh

- 1) no respect? Welcome to life
 - 2) no trust? Welcome to life
 - 3) fucked up community, boo hoo, quit whinging
 - 4) Don't contradict yourself, hypocrite
 - 5) we hate you? you hate us? OMG NO! welcome to life
 - 6) Bye then...
