the way i see it..
adobe could care less about people hackin their stuff

Wrong, if that was the case, we wouldn't have serial numbers and activation processes.

Don't even try to use that excuse to rationalize theft.

point made

Demolition man
They know they will only learn to work with the products made by them so when they later will use it for good use.. they will need to buy a license. (well thats what they think)

i aggre with that too tho
