1) Pick a name
2) Make sure you know what you want it to be about
3) Take your time
4) Don't do what I did and ask 1,000,000 questions a day
5) Make it and have fun doing it

My ideas for names are as follows:

Gamer-X
Gamer Generation
Game-Tech

A website for a variety of games is always nice as long as the site is updated frequently. Good luck on making your website if you decide to do so.
