Since you want to own renegade for yourself and ruin everyone else's fun, I think it's kinda funny that you suck so bad at it. Ironic, really.

CyberPunk wrote on Tue, 07 June 2005 18:20 1 on 1 on renegade? How could you even freaking imaging. Renegade is a team based game. How would you go and "Command & Conquer" without a team?

So you suck individually, which kinda was my point all along. If you want a 5v5 or 10v10 or 20v20 instead, that's fine by me...

CyberPunk wrote on Tue, 07 June 2005 18:20 And besides, I haven't played Renegade seriously in years. So why would I go train now in a game thats dead? If it's dead, why do you spend 24 hours a day 7 days a week obsessing with it? We both know the answer... you've got nothing else in your life.
