No fancy words. Simply. . .you might be a n00b if. . .

171) . . .you have a modification to disable Nod Tiberium Mutants(by killing and resetting the Credits of someone who purchases one) running on your server, but don't disable any other type of unit.(Prejudice, anyone?)
172) . . .you don't give Renegade Alert a chance because of "popular opinion".
173) . . .you have a modification on your server that kicks anyone who uses a Perchase Terminal but doesn't buy anything.(Seriously. What the crap?)
